## CULTURAL ARTS

The Cultural Arts Program of Arnold Elementary would like to thank the Arts Council of Anne Arundel, the Maryland State Arts Council, Northrop Grumman Electronic systems Division, City of Annapolis and Anne Arundel County for the grant it has received to help fund our Footworks assembly.

We at your neighborhood **BLOCKBUSTER** store value the role your school plays in our community and the role that a good education plays in the development of successful youth and strong families. With this in mind, we wanted to let you know about our **Good Grades, Free Rental** program to reward our community youth for good performance in school.

The **Good Grades, Free Rental** program lets students trade in good grades for free movies. Here's how:

- Any student grades K-12 with a B average or better [minimum of a 2.7 or 80% overall score or a Satisfactory rating] can bring their original report card signed by a parent or legal guardian to a participating **BLOCKBUSTER** store and receive one free **BLOCKBUSTER** Favorites movie rental.
- The report card must be presented within 30 days of issuance.
- Students are eligible to participate each new grading period.
- Your local store can provide more details.

We want to help show students one of life's great lessons: hard work has its rewards.
