The administration, under the direction of the Board, will strive to develop a system of education that meets the needs of all students. The administration will:

- (1) establish and maintain a school environment conducive to the achievement of Board goals;
- (2) encourage the use of teaching techniques and strategies that effectively promote student learning;
- (3) encourage all elements of the community to participate in the planning and decision-making processes;
- (4) plan for the effective allocation of resources;
- (5) promote the optimum use of school facilities consistent with the main function, education; and
- (6) assess, on a continuing basis, the goals, policies, programs, and activities of the system.
