- I. The Board of Education recognizes that the presence of a student who has been charged with a criminal or juvenile offense of a serious nature in the community, especially an offense involving violence or weapons, may pose a threat to the safety and welfare of the student and others in the school community and may disrupt the educational process in the school. The Board also recognizes that the educational needs of a student who has been charged with a criminal or juvenile offense of a serious nature in the community must be carefully balanced with the Board's obligation to provide a safe school environment free of disruption for all students.

 - II. In accordance with these principles, if school administrators determine that the presence of a student charged with a criminal or juvenile offense of a serious nature in the community poses a threat to the student or others, or to the educational process, the student may be assigned to an alternative educational program pending a final administrative decision on the student's educational placement.
