Task 2 Character Development: Character Portrait

Record information from the web pages in the table below.

Helpful Hints for Developing Characters

Now that you have chosen your story topic, you need to think about the main character in your story. Draw a picture of your main character in the space below or on the back of this paper. Leave room around the drawing to record information about your character (i.e. family, friends, favorite things, likes, dislikes, hobbies, personality traits, etc.) Refer to this portrait as you write your story. Remember, show it – don't tell it. Judy Blume didn't say Fudge was jealous of his new baby sister, she showed you.
