

Ms. Teresa Jenkins, has been working for AACPS for the past ten years as an Enrollment/Registrar Secretary. In those ten years, she has had the wonderful opportunity to work at Annapolis Elementary School. At AES she really enjoys the pleasure of meeting and greeting families that come from near and abroad. One of my most enjoyable times of the school year is the first day of school when everybody gets the willies of not knowing who's who and how the day will be. The other, the last day of school, when I see how our student friends have grown and are spreading their wings to the next academic level. I have two beautiful children of my own my daughter, Keyona, who is a young adult and my son, Eddie, who is a rising senior in high school.
