Spring Semester

What is Evening High School?

The Evening High School is an alternative high school instructional program. Anyone who is under 21 and interested in completing a high school education may attend, as well as students currently enrolled in a regular daytime high school program. Students under the age of 16 must be currently enrolled in the regular daytime high school program to attend Evening High School. Credits earned by successful completion of courses in Evening High School count toward fulfilling requirements for obtaining the Maryland High School Diploma.

Why should you attend Evening High School?

If you did not finish high school, the Evening High School program offers you an opportunity to complete your high school education and earn your high school diploma. Credits already earned by you in previous schools will be applied toward the graduation requirements for Maryland. The Evening High School Program will lead to a high school diploma that is readily accepted by the military, colleges, and employers.

If you are a student currently attending a high school program during the day, the Evening High School offers you opportunities to make up credits or take extra courses.

What is the Evening High School schedule?

The Evening High School program is offered during the fall and spring semesters. Classes meet for two hours, two nights per week on either a Monday and Wednesday or Tuesday and Thursday schedule.

Community Plaza

During the 2011-12 school year all Annapolis High School students can take advantage of a new after-school program, **Community Plaza**, offered through Annapolis Evening High School/ESOL. Students who are native Spanish speakers can improve their Spanish reading and writing skills. Students studying Spanish as a foreign language can immerse themselves in Spanish language mini courses, covering topics such as history, mathematics, science, literature, and contemporary issues in Latin America.

How do I know what I need in order to graduate?

The number of credits and courses required for graduation depends upon the graduation requirements in place at the time you entered ninth grade. At the time of registration, evening high school counselors review student records to determine the appropriate course of study for each student. Students enrolled in a day high school program are subject to the current requirements for graduation.

What are the policies on attendance and student conduct?

A student who misses more than three class meetings is considered excessively absent and may not meet requirements for earning credit. The Evening High School Lead Administrator and teacher(s) review cases of absenteeism to decide whether or not credit can be awarded.

Regular day school conduct and dress requirements are in effect. Serious and/or repeated violations of school rules and regulations will be sufficient reason for dropping a student from Evening High School without a refund of fees. Smoking or possession of tobacco products is not permitted on school property or at school-sponsored events.

Are textbooks provided?

Yes, textbooks are provided on loan to the student. They are returned at the completion of each course and/or when a student withdraws. A fee is charged to students for damaged and/or lost textbooks. Students are responsible for supplying instructional materials that are required by the teacher of each course.

How do I enroll?

If you did not complete high school, you may enroll in Evening High School. Bring a transcript of previously earned credits, SR1 card, Maryland Transfer Form (SR7), and a copy of your immunization records when you register at the center of your choice. If you attended high school in Anne Arundel County Public Schools, you can request a copy of your transcripts by calling 410-222-3869. Counselors will review your records and determine which courses you will need to complete graduation requirements.

If you are currently attending a day high school, you must have a concurrent enrollment form signed by a parent/guardian and home school principal or designee. The Evening High School will forward all grades and other pertinent information to the home school.

Is there a graduation ceremony?

Yes! All evening high school students are invited to participate in a graduation ceremony that is held each June. This is a popular and moving ceremony in which graduating seniors, wearing caps and gowns, receive their high school diplomas in front of families and friends. Join us and experience this for yourself!

How much does it cost?

- \$300 per course for Anne Arundel County students who are attending a day high school program. Students whose families receive public assistance may be eligible for a tuition reduction for one course only. Parents/guardians must document receipt of public assistance at the time of registration. Examples of documentation include current Medical Assistance Card, Food Stamp verification, Independence Card, Public Housing Assistance, Emergency Assistance Card, Women, Infants, and Children program, or Free and Reduced Meals (FARMS) verification.
- \$600 per course for nonresidents of Anne Arundel County
- \$50 per semester for Anne Arundel County residents, under 21 years old, who are not attending a day high school program

All fees must be paid at the time of registration. Please make checks payable to:

Anne Arundel County Public Schools

The check or money order should have the name of the student printed on it. Checks returned for insufficient funds may result in the student's withdrawal from school. A \$35 processing fee will be charged for returned checks.

Requests for refunds must be referred to the Principal of the Evening High School Program. No refunds will be made after the first class meeting. Refunds will be made if a class is cancelled due to low enrollment.
