

ABOUT THE SAT

The SAT is, arguably, the most widely recognized and vetted test used for college admission. In the 2008-2009 school year, students in Anne Arundel County Public Schools sat for over 2,500 SATs.

The table below shows SAT data for each ethnic group at a given school. The rows labeled "AACPS" are combined data for all students in Anne Arundel County Public Schools. Data includes numbers of students in each grade group, and scores on each subtest: Critical Reading, Math, and Writing. (Note: The placeholder "**" indicates instances where there are fewer than five students in an ethnic group.)

HIGH SCHOOL	ETHNICITY	SAT Scores*			
		n	CR	M	W
AACPS	American Indian	15	493	503	481
