CAREER & TECHNOLOGY EDUCATION

Career and Technology Education programs are offered in middle school, high school, and at two Centers of Applied Technology. Curriculum offerings include Business & Computer Science Education, Family & Consumer Sciences, Technology Education, and Applied Technology. Applied Technology offerings are available to high school students at two Centers of Applied Technology. Programs are offered in the following five cluster areas:

- Arts, Communications & Humanities
- Business, Management & Finance
- Engineering, Mechanical & Information Technologies
- Health, Environmental & Life Sciences
- Human Services

The Centers of Applied Technology are Magnet schools committed to providing programs that adapt to new technology and students' employability needs. Students enrolled in the Applied Technology program receive academic course instruction in their home (comprehensive) school, and are transported to one of the centers for the technical courses. The centers provide an environment in which students apply theory and knowledge toward skills proficiency, while practicing safe work habits and professional ethics.

Currently, there are 2,400 students enrolled in career and technology education at the two centers. Center of Applied Technology – North is located in Severn, MD and the Center of Applied Technology - South, is located in Edgewater, MD.

Chesapeake Science Point

In the summer of 2005 Chesapeake Science Point (CSP) became an Anne Arundel County Public School's charter school. CSP is open to all Anne Arundel County Students regardless of academic achievement

CSP opened with a sixth and seventh grade enrollment, and had planned to expand one grade per year until a grade 6-12 configuration was established in 2010. In February 2010, the Board of Education approved CSP's expansion to include 9th grade.

Chesapeake Science Point is currently leasing space in Hanover, MD.
