

**Did you know that all Old Mill South students now have their own account to use at the Anne Arundel Public Library?**

**Each student now has a SAIL account that is just like a regular library card- with no further registration required!**

**Use your SAIL account now to check out books at branches or log in online at [www.aacpl.net](http://www.aacpl.net) to access e-books, e-magazines and databases**

**What is SAIL?**

SAIL is your key to the world of information and learning tools available from the Anne Arundel County Public Library. It is a special library account, which you can use to borrow 3 books at a time with no fines.

Also, it provides access to ebooks, databases, magazines, journals, online encyclopedias, educational DVDs and other resources from the Anne Arundel County Public Library. It also lets you use premium resources like Lynda.com courses, language learning from Rosetta Stone or BrainFuse for live homework help.

**How does it work?**

SAIL works just like a regular library card, only there's no plastic card to keep track of.

Your SAIL number is made up of a prefix code and your student number:

Prefix								Student Number					
2	1	9	9	7	0	8	0						

*Your student number*

**Important** – your SAIL number has a six-digit PIN, which is set to the digits in your birthday. For example, if your birthday is 10/18/2008, your PIN is 101808. You can change your PIN anytime you want online or ask the friendly staff at the library to change it for you.

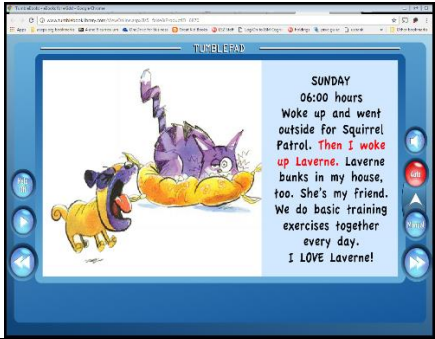

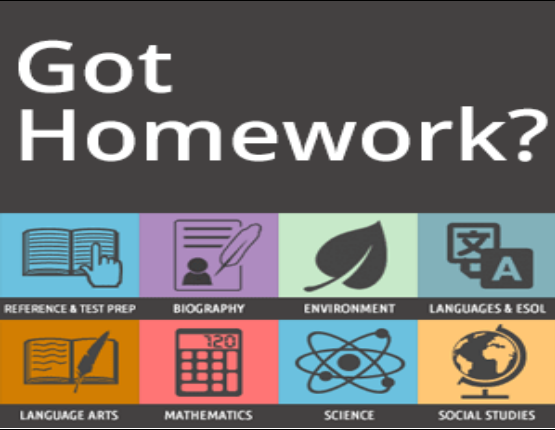

**Where can I find my student number?**

It's the same number that you use for your lunch account and computer sign-in. You can find your student number on your report card or your schedule.

**SAIL is a partnership between Anne Arundel County Public Schools and the Anne Arundel County Public Library System to promote literacy and reduce the impact of fines as a barrier to borrowing books.**
