

The following are step-by-step guidelines on how to enroll at Anne Arundel County Public Schools. Click on the appropriate arrow below to access a detailed list of documentation you will need to complete enrollment.

1. Ensure your child has been formally withdrawn from their previous school. In most cases, you will receive a withdrawal or transfer packet containing important information from your child's school file that will make it easier to enroll your child in the new school.
2. Find out what school your child will be attending. You can access [Locate Your Schools](#) to determine this; your child's school will be based on your current address.
3. Select the situation below that applies to you for a complete list of documentation necessary to enroll your child.
