From the Principal

With the holidays approaching, you may be looking for a variety of gift ideas. Here are some **gift suggestions** that could help boost your child's academic skills and development:

-picture books or novels

-writing journals with colored pens

-sketch books and art supplies

-“how to draw” books

-video games that reinforce math skills

-calculator

-building sets that build fine motor skills and require creative planning, like LEGO or K'Nex

-Arts and craft projects to apply creative thinking and make designs

-board games and card games

-new school supplies

-books in a series, like **Magic Tree House**

December is filled with many activities and is one of the busiest times of the year. Please remember to try to keep your child's school routines as normal as possible regarding homework and bedtimes, etc. We'll try to keep our school days as normal as possible, too.

Kathryn Maxa

Principal

*We send our wishes out to you,
our school family,
for a peaceful holiday season.*
