

School Meals for Hybrid Learning

Dear Parent/Guardian,

Welcome Back! As your child returns to the classroom, we would like to share a few helpful tips:

- All meals are free to all students until the end of this school year. No money or meal benefit application is needed.
- All children will receive a free breakfast, lunch, dinner & snack delivered to the classroom.
- Please utilize our curbside meal service at a school closest to you on days when your child is virtual. Meals may be picked up without your child present by calling the Food & Nutrition office at the number below.
- All meals are nutritious and contain delicious food items with fresh fruits and vegetables.
- Have questions, or a child with a food allergy? We have four Registered Dietitians on staff to assist with any special menus.
- Visit our website at <http://aacpsschools.org/nutrition/> for menus, school pickup locations and other nutrition information

Please feel free to contact our office at 410-222-5900 with questions regarding your child's meals.

Thank you,

Food & Nutrition Services
