

South Shore Students Take Action!

At South Shore , we want our students to take action beyond the classroom. Action can range from something small, like checking out a book at the local library, to something large, like writing a letter to a local government official. Please help us celebrate student action by completing and sending in this form! **Please attach pictures if you have them!**

“In the PYP, it is believed that education must extend beyond the intellectual to include not only socially responsible attitudes but also thoughtful and appropriate action. An explicit expectation of the PYP is that successful inquiry will lead to responsible action, initiated by the student as a result of the learning process. This action will extend the student’s learning, or it may have a wider social impact, and will clearly look different within each age range.” from Making the PYP Happen
