

Register for Self Service Password Reset - Student

Self Service Password Reset allows you to be able to reset your password at any time on your schedule.

NOTE: The student needs to know their password to follow these steps.

<p>1. Open Google Chrome.</p> <p>Click the blue Sign in with google button.</p>	
<p>2. Double click on the icon "Secure My Account"</p>	
<p>3. Click on MySignIns.</p>	
<p>4. Click Allow.</p>	
<p>5. Type in your username and password and click Submit. When asked to "Save Password?" Select Never</p>	
<p>6. The My Sign-Ins Overview page will be displayed.</p> <p>On the left, click on Security Info.</p>	

7. In the center pane, click on **+ Add Method.**

8. Pick Security questions. Click **Add.**

Security questions

Cancel

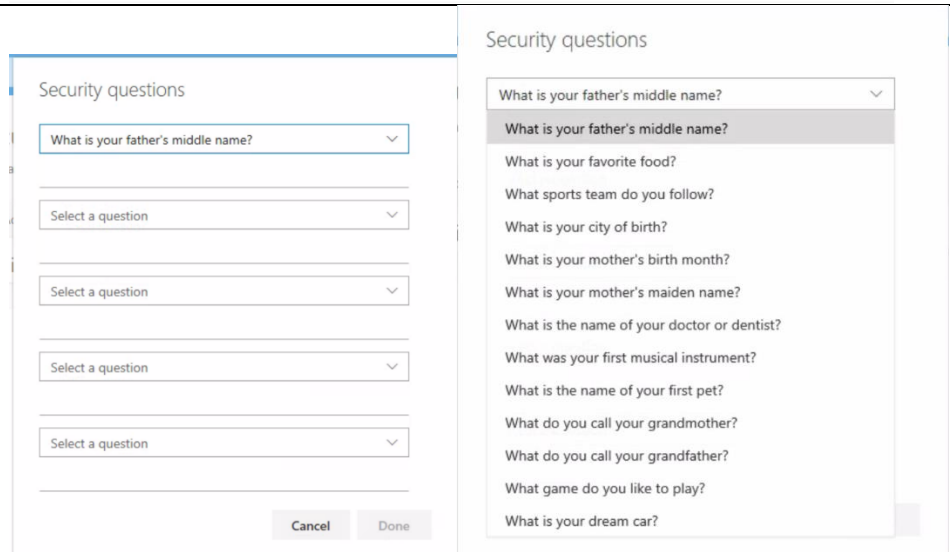

Add

9. The Security Questions dialog box opens. You must select 5 security questions from the list of supplied questions and fill in your answers.

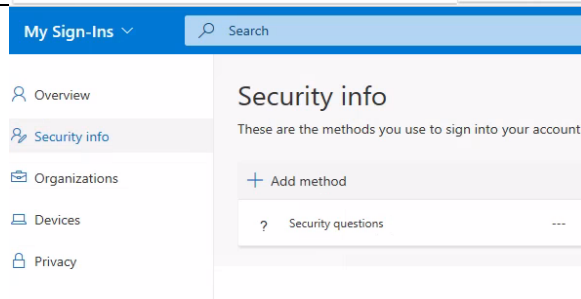

The list of possible security questions is on the far right.

Pick 5 questions and give answers in the line below the questions that you can remember.

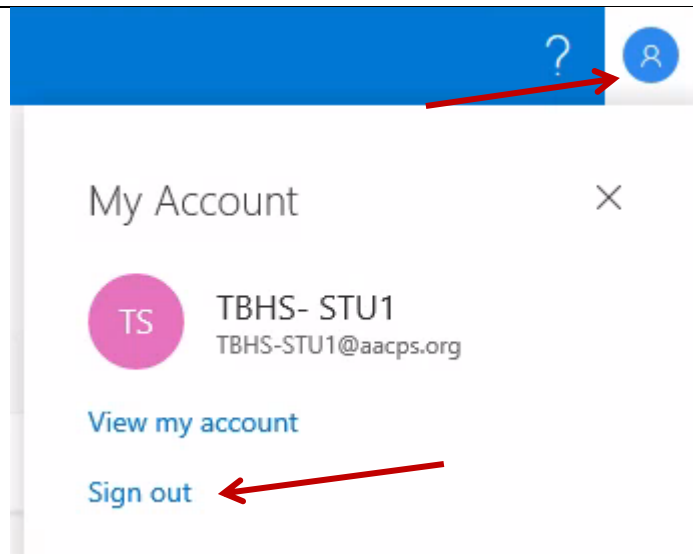

Click **Done.**

10. Your Security questions will be listed on the Security Info page.

11. At the top of the window on the right, you will see a "Person" icon. Click on the icon and then select **Sign Out**.

You will be able to reset the password on your AACPS account with the security questions you just provided if you have forgotten your password. To do this, **click Can't access your account** to begin the process of resetting your password.
