- The Yearbook Committee is still looking for any photos you might still have to be added to the Yearbook. Please use our [Photo Post Link](#) and place the photos in the appropriate folder.
- Attention 5th Grade Parents- We only have about 20 photos of our 5th graders when they were babies for a special yearbook section. We also still do not know the identity of the picture of the blonde baby eating a peach. This [Photo Post Link](#) will take you directly to the Baby Post folder so you may easily upload and label.
- The girls had their fun at the Windsor Farm Formal and now we want to plan a special night for our boys! To make this happen, we are in need of a co-chair to help with the planning of the annual **bowling event** for the boys and their moms or other important women in their life. Please send an email to myWFEpto@gmail.com if you are able to help in this capacity. There is no work to do at the event because it takes place at a bowling venue. The work is mainly registering folks and assigning lanes. We are looking at a mid-May date but still needs to be finalized with Severna Park Lanes. We currently need confirmation from at least one member of our PTO community that will Chair the event in order for it to run.

Sound of Silence

A CONVERSATION
ABOUT MENTAL
HEALTH

PRESENTED BY:

MAGOTHY RIVER
MIDDLE SCHOOL

WHAT IS SOUND OF SILENCE?

Sound of Silence is a program created for youth, to help dismantle and break the stigma related to mental health and give access to mental health services that our youth so desperately needs.

Sound of Silence otherwise known as SOS, is a targeted assembly for all Middle and High Schools students. We also offers events for parents and community as well. We work alongside each school's principal and staff to carve each event to perfectly fit each schools' current needs around mental health. We provide a panel of mental health and substance misuse professionals along with representation from SADD (Students Against Destructive Decisions) Department of Health, Crisis Response and the leading Prevention Coalitions that represent Anne Arundel County. We talk about target topics that can lead to mental health disorders, how to prevent self medicating through substance misuse, suicide prevention, maintain healthy relationships and many more.

We want to encourage our parents to talk to their youth. To ask the questions and know how to respond. We also provide services using each school's Behavioral Health Facility following if our youth should need the
