McDaniel College
GRADUATE AND PROFESSIONAL STUDIES
“I believe the best part of my graduate experience was working in a cohort with other teachers.”

Anne Arundel County Public Schools and Graduate and Professional Studies at McDaniel College have partnered to offer eligible AACPS educators the following programs:

M.S. in Innovations in Teaching and Learning – Leadership Focus (11AC)
M.S. in Innovations in Teaching and Learning (6AG)

After many years of research, evaluation and consultation, we are excited to launch our newly revised curriculum within the M.S. in Curriculum and Instruction program. The M.S. in Curriculum and Instruction program offers Innovations in Teaching and Learning through updated courses that are intended to immerse teachers in conceptualizing new ways of thinking about education.

Administrator I Certificate (12AA)

McDaniel’s Administrator I is a 19-credit certificate program designed for educators already holding a master’s degree and aspiring to careers in administration or supervision. This MSDE certification will qualify you to be assigned as a Supervisor in Instruction/Assistant Principal in Maryland.

Eligible AACPS employees receive a discounted tuition rate.

APPLICATION DEADLINE: May 8, 2020
START DATE: June 8, 2020
APPLY ONLINE: gradapply.mcdaniel.edu
