

# Education in School System Leadership Ed.D.

LEAD WITH AN ED.D.

Prince George's County Ed.D. Graduates

**The Doctorate of Education (Ed.D.) in School System Leadership** is a “Practice Based” doctoral program designed to develop leaders who can create and lead collaborative and inclusive system improvement initiatives. The program enrolls cohorts of students who work together over 36 months to identify and solve real school system problems, and is approved by the MD State Dept. of Education for Superintendent II certification.

- Grounded in Improvement Science.
- Courses follow non-standard semester schedule via all day Saturday classes at The Universities at Shady Grove & online modules.
- Culminates in a Capstone Project addressing a real problem of practice within a school system.

Apply by **June 15, 2020:**
