UMBC

Master of Arts in Education

Open House
Tuesday, October 27
6 -7 p.m.

UMBC's Master of Arts in Education helps certified teachers, like you, become a leader in teaching **for just $12,000**. Join us for our upcoming Open House to explore how our MA in Education can help you meet your goals and equip you with skills specific to critical academic areas. You'll have the opportunity to meet with faculty and staff, gain information on financial aid and career opportunities, and find out why UMBC is the perfect place to expand your education. We welcome elementary and secondary teachers of all disciplines into any of our content areas below. All programs are fully online.

Computer Science
The first and only program of its kind in Maryland, it was created in response to the state mandate for a computer s cience teacher to be in place at 100% of Maryland high schools by 2021.

Mathematics
This program has been offered fully online since 2015 and continues to update and evolve to meet ever changing needs of PreK-12 students and teachers in mathematics.

STEM
The MAE STEM program is focused on interdisciplinary teaching and learning through the lens of STEM and is an approved program for the PreK-6 STEM Instructional Leader Endorsement.
