

What is Unified Physical Education and Leadership?

Unified Physical Education and Leadership is a new high school course which allows students with and without disabilities to gain knowledge, experience and skills in recreation sports, leisure activities, team/individual sports, fitness and dance in a collaborative and cooperative environment. All students will explore leadership traits, communication and listening skills, group work and critical thinking skills to provide support in an inclusive environment.

What is Unified Dance and Leadership?

Unified Dance and Leadership is a new high school course which allows students with and without disabilities to focus on beginning levels of dance technique and creative movement in a collaborative and cooperative environment. These students will also explore leadership traits, communication and listening skills, group work and critical thinking skills in order to provide support in an inclusive environment.

Special Thank You's
