

## **6<sup>th</sup> Grade:**

Do send your child's **meningitis** and **Tdap** shot record to school as soon as possible. Check with the provider to see if your child has already received the vaccines, as most children get these shots in 5<sup>th</sup> or 6<sup>th</sup> grade. Sending the record in as soon as possible ensures your child's PowerSchool record will be updated well in advance of the first day of 7th grade.
