Critical Resources For Anne Arundel County Families During the COVID-19 Pandemic

JANUARY 26, 2021

January brings with it the traditional harbingers of winter—cold air, plenty of ice & snow, and shorter days. This year, COVID-19 has added another difficult obstacle to manage along with the winter's chill. But hope is on the horizon in the form of a vaccine, which is now becoming available to many local citizens. See details below in this week's Family Support Bulletin.
