This Board of Education Handbook has been developed to capture, in one place and in plain language, the governing guideposts and operating procedures of the Board of Education of Anne Arundel County. The Handbook is intended to serve as a resource for Members of the Board as they assume their office and fulfill their responsibilities.

The Handbook will be posted on the Board's website, reviewed annually and updated as warranted. Limited print copies will be available for distribution as determined by the Board.

- instructional excellence
- student achievement
- educational equity
- lifelong learning
- community collaboration
- responsive policies and regulations

DEFINITIONS

Administrative Function

For the purposes of the Maryland Open Meetings Act (OMA), an administrative function is an action or activity of the Board that involves the administration of a law of the State; a law of a political subdivision of the State; or a rule, regulation, or bylaw of the Board, the State Board or another public body, but that does not fall within another function defined by the Act, such as advisory, legislative, or judicial. Topics under this exemption could include an update from the school system's internal auditor; the scheduling of an appeal hearing or graduation assignments; a review of pending public information requests; or a discussion of how to conduct a particular meeting in accordance with a health officer's advice, Governor's order, and the OMA.

Conference

A convention, seminar, assembly or similar event where Board members' attendance involves education, exposure and networking with other school board members, such as a conference sponsored by the Maryland Association of Boards of Education (MABE), National School Boards Association (NSBA) or similar educational association. Conferences usually take place over a 2 to 3-day period and could take place in Maryland or another location. No official business of the Board is conducted at conferences.

Hearing

A public hearing is an open Board meeting where individuals provide direct and extensive citizen input to the Board on a particular issue, such as budget adoption or proposed redistricting. The purpose of a hearing is for citizens to inform the Board on their views, as opposed to a back-and-forth conversation between Board Members and speakers. Hearings will usually take place at the AACPS Central Office or in a school auditorium. No official business of the Board is conducted at such hearings.

The Board may hold a hearing that is closed to the public in accordance with State law or otherwise consistent with the Board's quasi-judicial authority in order protect the privacy or reputation of a student, employee or other individual regarding a private matter that is not related to public business.

Retreat

A Board retreat is a meeting of the Board where Members receive information, training, and/or legal advice about such matters as intra-Board relations, team building, administrative functions, self-evaluation and parliamentary procedure. A retreat maybe open or closed to the public depending upon the nature of the topics(s) involved, but regardless of format, no official business of the Board is conducted during retreats, and no public comment is taken.

Scheduled Meetings

A scheduled meeting is any official, scheduled convening of the Members of the Board for any length of time with no significant break in the proceedings. This may include regular business sessions, special sessions, workshops, and public hearings. Each spring the Board will adopt and publish a master calendar of meetings that determines its schedule from July through June of each year. This meeting calendar can be amended by the Board at any time throughout the year, with notice of the amended calendar provided to the public.

Session

A session refers to a Board meeting or series of meetings working completely through an entire agenda or order of business. If the session covers more than one meeting, each meeting picks up where the previous one left off.

Special Session

A session called by the Board to discuss a specific topic or necessitated by specific circumstances, such as a school system or other public emergency.

Workshop

A Board workshop is scheduled meeting of the Board in which the Superintendent and his staff advise the Board and answer Member questions on a particular topic, such as the capital budget, key legislation or school start times. Workshops are often held in advance of the Board's possible action on a particular topic, but no actions are taken during them. The public is welcome to attend workshops, but there is no public comment.

BOARD GOVERNANCE

AUTHORITY AND RESPONSIBILITIES OF THE BOARD OF EDUCATION

§4-108 of education Article – duties in General

The powers and mandatory duties of the Board of Education are defined in the Education Article of the Annotated Code of Maryland and Title 13A of the Code of Maryland Regulations. They are divided among executive, legislative, and quasi-judicial responsibilities, as follows:

Executive

1. Selecting and appointing the Superintendent of Schools
2. Appointing personnel, including school-based administrators
3. Appointing Board counsel
4. Making a continuous appraisal of the educational and administrative management of the school system, through the evaluation of the Superintendent
5. Periodically adopting a multi-year strategic plan
6. Communicating and meeting with community members, staff, and students as to Board views on educational issues (not in law or statute see Board Policy BAC)
7. Ratifying collective bargaining agreements

Legislative

1. Adopting and interpreting policies
2. Adopting operating and capital budgets
3. Establishing curriculum guides and courses of study
4. Establishing school boundaries
5. Advancing a legislative agenda
6. Making decisions on facility, procurement, and financial matters
7. Authorizing legal settlements

Quasi-Judicial

1. Deciding appeals of the Superintendent's administrative decisions
2. Deciding appeals of long-term student suspensions and expulsions
3. Considering recommendations of the Superintendent to suspend or dismiss a certificated employee.

KEY WORK OF SCHOOL BOARDS

The Board is committed to the “Key Work of Schools Boards,” developed by the National School Boards Association, encompassing the following five key areas:

Vision	Effective school boards establish a clear vision with high expectations for quality teaching and learning that supports strong student outcomes. They establish clear and specific goals to move districts forward.
Accountability	High academic standards, transparency, and accountability undergird a world-class education. True accountability depends on open decision making, community engagement and support, and receptivity to new ideas and constructive criticism.
Policy	Policy is how a board sustainably exercises power to serve students. Through policy, school boards establish a set of cohesive guidelines able to transform vision into reality.
Community Leadership	Through public advocacy and community engagement, school boards share their concerns and actions with the public. Community leadership that builds public support is vital to implement the board’s vision.
Board/Superintendent Relationships	Both the school board and the superintendent have essential leadership roles that are interconnected but different. Effective school boards lead as a united team with the superintendent, each in their respective roles with strong collaboration and mutual trust.

COMPOSITION OF THE BOARD AND BOARD MEMBER QUALIFICATIONS

§3-2A-01, 3-2A-02 and 3-2A-04 of the Education Article; Board Policy BB — Appointments, Qualifications, and Term of Office

The composition of the Board of Education consists of seven nonpartisan elected Members (one Member from each of the seven councilmanic districts in Anne Arundel County) and one student member. The elected Board Members must be residents of Anne Arundel County and a Member elected from a councilmanic district must be a resident of that district. If at any time, a county member ceases to live within that county or within a specific district of the county from which they were selected, then they are not permitted to continue their service on the county board. However, if the boundary line of a councilmanic district is changed, the term of an incumbent Member of the Board who no longer

resides in that councilmanic district because of the change is not affected during that term.

The term of 4 years begins on the first Monday in December after the member’s election and until a successor is elected and qualifies. Each selected member of the county is eligible for reelection for a second consecutive term but may not serve for more than two consecutive terms. The County Council of Anne Arundel County shall select a qualified individual to fill any vacancy in the office of an elected member of the Board for the remainder of the term and until a successor is elected and qualifies.

STUDENT BOARD MEMBER

§3-2A-05 of the Education Article

The qualifications, election, and provisions relating to the Student Member of the Board are set forth in State law. The Student Member has the same voting rights and privileges of the other Members of the Board. The Student Member must be a resident of Anne Arundel County and a regularly enrolled senior-year student of good character and in good standing (in law) in an Anne Arundel County public high school. The Student Board Member is elected

for a one-year term each year by the Chesapeake Regional Association of Student Councils (CRASC). The student's term of office begins on July 1 after the election upon confirmation and appointment by the Governor and shall continue until a successor is appointed and qualifies. A Student Member who completes a full term on the Board shall be granted a scholarship of \$8,000, to be applied toward the student's higher education costs.

OATH OF OFFICE/SWEARING IN

Maryland Constitution, Article I, Section 9

Each new Board Member, upon being elected or selected shall appear before the Clerk of the Circuit Court for Anne Arundel County, at a time to be arranged by the Executive Assistant to the Board of Education, to take the Oath of Office, upon being

advised that the Clerk of the Court is in possession of the Board Member's Commission declaring the individual's eligibility in meeting the qualifications for holding office.

AUTHORITY OF INDIVIDUAL BOARD MEMBERS

Board Policy BAC – Board Member Authority

Power belongs not to individual Members of a Board of Education but to the Board of Education acting as a corporate body through collective action. Board Members have authority only when acting as a Board of Education in a legally constituted session, with a quorum being present, with the exception of conferring diplomas at commencement ceremonies or executing legal documents as authorized on behalf of the Board. The statement or action of an individual Member or group of Members of the Board of Education shall not bind the Board of Education itself, except when that statement or action is specifically authorized by an official act of the Board. This does not preclude the Board President (or Vice President in the President's absence) from exercising their duties in accordance with the law, Board policy

or other action of the Board. Further, this does not preclude individual Board Members from representing the Board at meetings and ceremonial events or speaking to constituent groups in their capacity as Board Members.

If a Board Member is invited to speak on a Board topic in the community, the Board Member shall notify the Board Office and/or the Board leadership about the engagement in advance. When speaking at the event, such as meetings of PTAs, PTOs, community organizations and special interest groups, the Board Member shall be mindful to refrain from speaking on behalf of the entire Board. Any comments and opinions shall be those of the individual Board Member and not on behalf of the entire Board, unless otherwise previously agreed upon by the Board.

NEW BOARD MEMBER ORIENTATION

Following the election or selection of new Members, the Board Office and Superintendent's Office will provide for an orientation as to the Board's operation and processes, the working relationships with the Superintendent and the staff of Anne Arundel County Public Schools, and substantive background information pertaining to school system issues and procedures. A copy of this Handbook

will be provided. New Board Members shall attend at least one of the orientation sessions organized by the Maryland Association of Boards of Education (MABE). Additional orientation with respect to pending litigation, legal issues and/or other privileged or confidential matters may occur after the new Members are sworn into office.

REMOVAL OF BOARD MEMBER

§3-2A-8 of the Education Article; Board Policy BAD - Board Member Removal From Office

Pursuant to statute, the State Board may remove a member of the county board for immorality, misconduct in office, incompetency, willful neglect of duty, or failure to attend, without good cause, at least 75% of the scheduled meetings of the county board in any one calendar year. Before removing a member, the State Board must send the member a copy of the charges against the member and give the member an opportunity to request a hearing within 10 days. If the

member requests a hearing within the 10-day period, the State Board promptly shall hold a hearing, but a hearing may not be set within 10 days after the State Board sends the member a notice of the hearing. The member shall have an opportunity to be heard publicly before the State Board in the member's own defense in person or by counsel. A member removed under this section has the right to a de novo review of the removal by the Circuit Court for Anne Arundel County.

DUTIES OF BOARD OFFICERS

§ 3-2A-06.1 of the Education Article; Policy BAB – Board Powers and Duties

The officers of the Board of Education are the President and Vice President.

The President calls Board sessions, presides at all sessions, determines Board agendas (Board Policy BCA), executes authorized or approved contracts and other documents on behalf of the Board, represents the views of the Board in all communications and correspondence, and performs other duties prescribed by law or by the Board. The President may appoint committees to hear appeals of decisions of the Superintendent, appoint ad hoc or special committees of the Board and/or staff members to assist the Board with its work, study specific issues, or undertake Board projects, and serve as ex-officio members of all committees appointed. The President, with input from Board Members, determines seating on the dais and in the caucus room. The President

shall periodically appoint a committee to review this Handbook and recommend revisions, as appropriate.

In the absence of the President, the Vice President functions as Board parliamentarian. If both the President and Vice President are temporarily unavailable to acquit the above responsibilities, the remaining Members may designate another Member by a majority vote to serve in such a capacity. At its annual meeting, the Board shall elect a president and vice president from among its elected members. The president and vice president shall serve a term of 1 year. An individual who fills a vacancy in the office of an elected member of the board may be elected to serve as president or vice president.

The Vice President shall have charge of coordinating Board retreats and the agenda for these retreats, in consultation with the Superintendent and Board President.

BOARD COMMITTEES

Board Policy BBE—Board Committees

The Board of Education has three standing committees, the Board Budget Committee, the Board Equity Committee, and the Board Policy Committee. Each committee is composed of no more than four Board Members, who meet once a month or as needed with appropriate staff members. At certain times, special or ad hoc committees may be created by the Board for a specific assignment. Those special committees shall be appointed by the president and terminated either upon completion of their assignments or by a vote of the Board. It is expected that each Board Member, with the exception of the President, will serve on at least one standing committee of the Board each school year.

The Board Budget Committee meets monthly with the possible exception of July and August. Duties of the Board Budget Committee include assisting the building of the annual AACPS operating and capital budgets via gathering and presenting Board budget priorities to the School Superintendent; gathering revenue and expenditure information throughout each budget cycle; and communicating Board expectations regarding formatting and information to be included in the budget book and monthly financial documents, as well as the frequency with which the Board receives this information. The Board Budget Committee, in coordination with the Board President, also directs the budget amendment process throughout the budget cycle. Ad hoc duties of the committee include evaluation of audit recommendations and Board processes as it relates to the annual AACPS Capital and Operating budgets and offering recommendations for Board action to the full Board.

The Board Equity Committee meets monthly with the possible exception of July and August. The mission and role of the Equity Committee is to equip AACPS to foster a viably structured, equitable education for all students. The Equity Committee supports AACPS' operational governance in identifying areas within and through policy to connect the Board's commitment to equity in education with the focused decision-making, resource allocation, and staff, student and community engagement. We are promoting equity through

institutional change. The committee values embracing diverse and inclusive experiences, creating thriving environments, fostering equicentricity into practice systemically by guarding equity in our schools.

The Policy Committee of the Board meets monthly with a break during July or August. Duties of the committee include working with staff to review all Board policies on a regular schedule in order to ensure that policies remain aligned with statutes and the current needs of the school system. In addition the committee works with staff to craft new policies either as warranted by changes to state law or as requested by individual members of the board. It is then the responsibility of the Policy Committee to recommend revised and new policies to the full board for public review and comment, and approval of the board.

Ad Hoc Committees

The Handbook Committee meets at least once per year consisting of no more than four members to review and update the Handbook as needed.

Community Committees

From time to time Board Members may serve as representatives on community committees subject to the discretion of the President.

MABE Committees

Board Members are encouraged to join their colleagues from other counties in serving on various MABE committees, specifically, Budget & Planning, Legislative, Conference Planning, Federal Relations Network, Nominating, Resolutions, and the Legal Services Association as well as ad hoc committees as needed. The duration of committee memberships is 1 year, commencing in early October of each year at the annual MABE conference. Members shall report back, as needed, to the full Board.

BOARD COMMUNITY OUTREACH

In an effort to promote community collaboration, the Board endeavors to keep community members informed of the activities of the Board of Education and the school system. One way to achieve this is Board outreach events, which may be held in libraries,

community centers, places of worship, or other venues in diverse areas of the county. The format should be informal, and all outreach events must be open to the public.

ETHICS POLICIES AND FINANCIAL DISCLOSURE

§15-815 of the State Government Article; Board Policy BAF – Ethics and Conflict of Interest; Board Policy BK - Board Member Ethics and Professional Standards

Board policy and State law require that each Board Member complete an annual financial disclosure form for the preceding calendar year. These statements will be made available during normal office hours for examination and copying by the public, subject to whatever reasonable fees and administrative procedures are established.

By August 1 of each year, Board Counsel will review Policies BAF, Ethics and Conflict of Interest, and Policy BK, Board Member Ethics and Professional Standards, and any changes in ethics laws with the Members of the Board. An appropriate time for this review would be the annual meeting or as soon thereafter as practicable.

The Board of Education has established a five-member Ethics Panel, responsible for reviewing all financial disclosure statements for completeness of form and for determination of any existing or potential conflicts of interest consistent with school system policies and regulations; providing advisory opinions on ethics matters, making determinations as to complaints filed by any person alleging violations of policies or regulations; referring findings regarding complaints and other enforcement matters to the Board for action; and conducting an information program regarding the purposes and application of regulations.

BOARD OPERATIONS

BOARD OF EDUCATION CORRESPONDENCE PROCEDURES

Board Policy BAC – Board Member Authority

Board Members receive numerous e-mails and letters per week from constituents regarding matters relating to the school system. The Executive Assistant serves as the coordinator of Board correspondence. Correspondence received by a Board Member or e-mails sent to the “Board Office” link on the school system website are typically acknowledged by the Board’s Executive Assistant and forwarded to the Board Members or the Superintendent’s Office, where they are assigned to the appropriate staff member to prepare a timely response. The Board Office is copied on the response to the constituent, if requested.

Individual Board Members have the option of responding directly to correspondence addressed to the Members; however, the correspondence must clearly reflect that the views expressed therein are those of the individual Member and not necessarily those of the entire Board of Education. Inasmuch as identical e-mails are often personalized to each Board Member, Board Members may contact the Executive Assistant to ascertain if the same one has been received by all, such that it would be appropriate for consistency for a response to be sent by the President on behalf of the Board. If the Board receives numerous e-mails on a particular topic, the Executive Assistant will send out automatic acknowledgements at the direction of the Board.

BOARD MEMBER REQUESTS FOR INFORMATION

Board Policy – BAC—Board Member Authority

Board Members may make requests for specific information, data, and/or reports from Administration staff, whether as a follow-up to an item discussed at a prior Board session or a separate matter of interest to an individual Member. Such a request may be made to the Superintendent or the Superintendent’s office through the Board President or the Board Office, or directly by an individual Member. However, Board Members may not send requests directly to Administration staff beyond those listed in the Superintendent’s contract. If the Member (or the President) makes a request for information, it must be copied to the Executive Assistant so the request may be coordinated, and duplication avoided.

By submitting requests directly to the Superintendent or the Superintendent’s Office, requests can be more efficiently coordinated, duplication can be avoided, and the Superintendent can best determine

the appropriate use of staff in providing a timely response to such requests. Within reason, and excluding individual student or personnel records, the Superintendent will be responsive to Board Member requests. If a request is deemed overly time-consuming or unreasonable, the matter will be brought to the attention of the Board President for consideration by the full Board. Materials and information requested by individual Members will be shared electronically with the entire Board.

Individual Board Members shall not make requests for printing, PowerPoint presentations, or media work of the Communications Office, the Design and Print Services, or the Superintendent, entailing labor and materials, whether for use in their capacity as Board Members or in the community, without bringing such request to the full Board for its approval.

BOARD MEMBER ENGAGEMENT

Board Members are strongly encouraged to meet regularly with the Superintendent, visit schools throughout the county, and attend community and school system events to better understand the individuality of schools and the communities in which they are located. Board Members should work through the Board Office and/or the Superintendent's Office to schedule school visits so as to provide the school principal the courtesy of optimum advance notice and to avoid potential conflicts with student testing, staff evaluations, or other critical activity requiring the principal's attention or presence. In the event a scheduling conflict arises for the principal, the Member will work with the Board Office or Superintendent's Office to reschedule the visit for a mutually convenient time.

Board Members attend various non-professional development activities during the year, such as the County Arts Council Gala, Teacher of the Year banquets, the Anne Arundel County Dr. Martin Luther King, Jr. Breakfast and Maryland Hall's Arts Alive. Board Members are welcome to bring a guest to an event but shall be responsible for reimbursing the Board for any expenses incurred on behalf of that guest.

COMMUNICATION PROTOCOLS

Board Members should endeavor to respond to emails, correspondence and phone calls in a timely manner, especially in response to those from other Board Members, the Superintendent, and elected officials.

BOARD MEMBER COMPENSATION, EXPENSES, AND EQUIPMENT: PROCEDURES AND GUIDELINES

§3-2A-07 of the Education Article

The following procedures and guidelines govern the compensation and expenses provided to Board Members in the course of discharging their responsibilities, with the goal of ensuring that as such expenditures are made, they are done in a reasonable and cost-effective manner:

1. The president of the Board is currently entitled to receive \$10,000 annually, the vice president is entitled to receive \$9,000 annually, and, except for the student member, the other board members are entitled to receive \$8,000 annually as compensation. Pursuant § 3-2A-07 and the Maryland Constitution, the following compensation will apply to members elected or selected after July 1, 2022: the president will receive \$17,000 annually as compensation, the vice president will receive \$16,000 annually as compensation, and, except for the student member, the other 6 board members are entitled to receive \$15,000 each annually as compensation.
2. The Student Member of the Board, as authorized by State law, is entitled to receive a scholarship of \$8,000 upon the completion of a full term on the Board of Education, to be applied toward higher education costs.

3. When a Board Member takes office, the Executive Assistant shall arrange for an AACPS computer and a smartphone to be provided to the Board Member for use at Board sessions and conduct Board business. These devices remain the property of AACPS and revert to AACPS at the end of the Board Member's term of office.
4. As authorized by State law, Board Members receive a monthly allowance toward reimbursement for local travel and other expenses incidental to attending sessions and transacting Board business and attending local events in the course of a month.
5. For travel outside of the county, Board Members may be reimbursed for actual mileage, tolls, and parking; and reasonable meal expenses upon submission of dated, itemized receipts to the Executive Assistant to the Board of Education, annotated with the numbers and names of those covered by any expenses. The cost for alcoholic beverages will not be reimbursed. Minor expenses such as bus or subway fares or parking meter fees may be allowed without a receipt where obtaining one would not be practical.
6. Expenses related to Board Member attendance at approved conferences (e.g. Maryland Association of Boards of Education or National School Boards Association), such as registration, travel fare, and hotel, shall be handled exclusively by the Executive Assistant to the Board in advance. Airfare shall be at a reasonable coach class rate.
7. No travel or meal expenses will be paid for spouses or family members who accompany Board Members to conferences or events. In the event that such expenses are co-mingled, Board Members shall reimburse AACPS for their spouse's/family member's additional expense.
8. Non-Reimbursable Expenses include, without limitation:
 - Entertainment while in attendance at a conference (*e.g., movies; plays; concerts; tours*)
 - In-room movies at hotel
 - Mini-bars
 - Laundry and related services
 - Membership fees for airline/frequent flier clubs
 - Pet care
 - Air flight/travel insurance
 - Parking tickets/traffic violations
 - Clothing/personal items
 - Airport parking fees
 - Airline upgrades

Any question about such expenses should be directed to the Executive Assistant in advance.
9. Members may be reimbursed for other expenses incurred in the performance of their duties, excluding personal expenses, as approved by the Executive Assistant consistent with applicable policy and subject to final determination in accordance with the procedures below.
10. Should a question arise whether an expense is covered under these provisions, the matter shall be referred to the Board President (or Vice President, if the President is unavailable) to make a determination. If the matter remains unresolved, in consultation with Board Counsel the matter may be referred to the Board's Ethics Panel for an opinion. The Board Member in question may provide evidence as to the nature of the challenged expenses to the Ethics Panel. The opinion of the Ethics Panel shall be accepted as final and binding by the Member and the Board.

SCHOOL BOARD MEMBERSHIPS

To ensure that Board Members are aware of best practices, trends in education, and issues facing school boards and districts statewide and nationwide, the Board of Education has maintained memberships in organizations that magnify its influence and knowledge. From time to time, the Board determines

which organizations can best serve its purposes. Currently, the Board has memberships in the Maryland Association of Boards of Education, the Legal Services Association, and the National School Boards Association.

POLICY ADOPTION

Board Policy BF – Policy Setting

The Board of Education has a policy that provides a process for policy development. Discussion of a new or revised policy usually occurs over the course of four sessions: review by the Board's Policy Committee of a draft policy prepared by the Superintendent's staff; the scheduling and first reading of a draft policy at a public Board session after which the policy will be posted on the Board's website for a 30-day comment period; a second reading and consideration of the draft policy at a subsequent public meeting session of the Board; third reading and adoption of the

policy at a public Board of Education session. The Superintendent shall be authorized to promulgate regulations to implement policies. All adopted policies and regulations will be posted on the Board's website.

Policy review and revision shall be in accordance with Board policy. The Board shall endeavor to follow the policy schedule established each school year. A request for the review or revision of a policy that is not on the policy schedule for a given school year shall be considered by the Policy Committee.

BUDGET ADOPTION

Operating Budget – Board Policy DBB

1. Consistent with state law, the Board's operating budget includes salaries and benefits for staff, stipends, materials of instruction, supplies, instructional equipment, contractual services, and other expenditures and funds necessary for the daily operation of the school system.
2. The Superintendent usually recommends his or her operating budget for the following fiscal year at a December board session.
3. The Budget Committee shall be involved in the budget development, amendment and adoption process, as further discussed in the Committees section above.
4. During the month of January, the Board usually conducts at least two public hearings on the Superintendent's proposed operating budget –

one to be held at a school and one to be held at the Parham Building, in the evening, at which budget testimony or other public comment will be received.

5. Usually at the second Board session in February but no later than March 1, the Board of Education must adopt a proposed operating budget for the following fiscal year and submit it to the County Government for its consideration.
6. Upon action by the County Council on the proposed operating budget no later than June 15, the Board shall adopt its final approved budget, upon the recommendation of the Superintendent, no later than June 30, usually at the second Board session in June.

Capital Budget – Board Policy DBA

1. The capital budget includes funding for the planning and construction funds for new facilities, modifications, renovations, and revitalizations; furniture and equipment associated with these projects; countywide maintenance; roof replacements; and related expenditures and costs.

2. For purposes of state funding, the Superintendent shall recommend a Capital Budget and Capital Improvement Plan (CIP) to the Board at its first session in September, after which the Board shall hold a public workshop with staff.

3. Following a public hearing at which budget testimony or other public comment will be taken, the Board will adopt at its second session in September a Capital Budget and CIP to be submitted to the Interagency Committee for Public School Construction for state funding.
4. At the December session at which the proposed Operating Budget is submitted, the Superintendent shall also submit the entire recommended Capital Budget.
5. Usually at the second session in February, but no later than March 1, the Board shall approve a recommended Capital Budget to be submitted to the County Government for its consideration as part of the overall budget request for the following fiscal year.
6. Upon action by the County Council on the proposed capital budget no later than June 15, the Board shall adopt its final approved budget, upon the recommendation of the Superintendent, no later than June 30, but usually at the second Board session in June.

GRADUATION CEREMONIES

Board Members must participate in at least three graduation ceremonies of our 14 high schools and 6 special schools. Although each school maintains its own traditions, the ceremonies are conducted within the framework of protocols established by the Office of School Performance.

On an annual basis, working through the Executive Assistant to the Board, one Board Member shall be assigned to each graduation ceremony to speak on behalf of the Board and to award the diplomas and certificates. At least one other Board Member must participate by being on stage. Board Member attendance at graduations should be scheduled far enough in advance that the appropriate logistics (seating, parking, placement in the processional and recessional, etc.) can be arranged.

Those Board Members speaking at the graduation ceremony shall bring brief remarks, appropriate to the occasion. Schools may ask to invite the assigned Board Member to the school to meet with or be briefed by the senior class officers and class sponsor in advance of graduation so as to assist the Board Member in the preparation of his or her remarks at the ceremony.

The designated Board Member shall follow the principal's introduction, in recommending the candidates for diploma or certificates, with the following statement, certifying the graduation of the students:

“By virtue of the authority vested in the Board of Education of Anne Arundel County, under the laws of the State of Maryland, I do now award diplomas [and certificates] evidencing the satisfactory completion of the prescribed course of studies to the students of _____ School, who have been recommended for graduation by the faculty of this school.”

BOARD ATTENDANCE AT CONFERENCES/ PROFESSIONAL DEVELOPMENT

Funds are earmarked in the school system operating budget for professional development activities in support of Board Members' service to Anne Arundel County Public Schools. If their schedules permit, Board Members typically attend two conferences per year: the Maryland Association of Boards of Education (MABE) conference and the National School Boards Association (NSBA) conference. The cost of registration, lodging and travel associated with the conference is the responsibility of the Board of Education. Attendance at any conference must be approved, budget permitting, by the Board President.

In lieu of the above conferences, a Board Member may participate in an alternative education-related opportunity if the Board Member chooses to do so. The alternative professional development opportunity must begin and end during the Board Member's term of service on the Board and must be approved by the Board President in advance of enrollment.

Board Members are required to file a written report to the Executive Assistant within 14 days of completion of the professional development, whether it be attendance at the MABE conference, NSBA

CONCLUSION

The role of the school board is as important as ever. Its decisions impact the full spectrum of educational matters, such as school boundaries, policies, student health, transportation, curriculum, staff salaries, facilities, contracts, funding for extra-curricular activities. As reflected on page 2 of this Handbook, the Board of Education’s authority encompasses a wide range of Executive, Legislative, and Quasi-Judicial responsibilities.

As stated succinctly by the National School Boards Association, in a brochure published by its Center for Public Education, the following are the qualities, skills, and experience that are useful for a school board member to possess:

- A vision and goals for high academic achievement for all students
- An ability to inspire parents and other stakeholders to have confidence in the local public schools
- An understanding that the board’s role is about the big picture—that is, setting the direction for the district, and providing oversight and accountability, rather than day-to-day management
- An ability to work effectively with the rest of the board
- The commitment to do what is right for all children, even in the face of opposition.

Hopefully, as individuals aspire to serve on the Board of Education of Anne Arundel County and are fortunate to be chosen to serve, this Handbook will help them better understand their authority and responsibilities so as to display the foregoing qualities, skills, and experience.

ACKNOWLEDGEMENT

I _____ have received the Board of Education Handbook, and I understand its contents and my obligations and responsibilities as a Member of the Board of Education of Anne Arundel County.
