1265 Green Holly Dr., Annapolis, MD 21409 | 410-757-1300 | Fax: 410-757-5621 | www.broadneck.org

Located on the suburban Broadneck Peninsula and within walking distance to the Magothy River and Chesapeake Bay, Broadneck High School (BHS) stands out as a place where students from across Anne Arundel County unite as Bruins.

Through both school sponsored activities and personal interests, our students are frequently seen interacting with our watershed environment. Whether bagging and collecting fall leaves as a fundraiser or growing oysters in their backyard, our students care about the Broadneck community. Broadneck offers a number of academic and extracurricular opportunities for over 2,200 students each year, allowing them to pursue personal interests that help prepare them for post-secondary life. As an Advanced Placement (AP) Distinguished and AVID Certified Site, Broadneck has set a standard of excellence since

its inception in 1982. The Broadneck BRUINS are Bold, Ready, United, Innovative, and Never give up!

Broadneck has many highly-qualified teachers, making this staff one of the best in the county and state. On average, our teachers have over seventeen years of classroom experience, and almost 70% of our teachers have master's degrees. Eighteen of our teachers are BHS alums and fifty-one are graduates from Anne Arundel County Public Schools. This sets us apart and is evidence that people want to come back to our school and community. Staff members are involved in extracurricular clubs, activities, and athletics, and the turnover rate is minimal each year. Alumni of Broadneck High School regularly attend top tier colleges and universities across the country, serve in military academies, and embark on prosperous careers in their chosen paths after graduation.

Programs of Choice

Signature Program

Environmental Literacy is the concept that everything we do affects the environment and the environment affects everything we do. In 2010, the Broadneck Community chose Environmental Literacy as our school's Signature Program due to the long-standing history of environmentalism at Broadneck HS and our close proximity to the Chesapeake Bay. Signature programs are designed to connect classroom instruction with real-world situations and workforce relevant skills. At Broadneck, we utilize our business partners to support instruction through a variety of activities including curriculum development, mentorship on capstone projects, guest speaking opportunities, and field experiences. More information on Signature Programs can be found at www.aacps.org/signatures.

AVID

AVID is an academic, elective program designed to provide support to students who are in the "academic middle." AVID prepares students to enter and be successful in college through career and college exploration.

During each AVID class, students receive instruction in: reading/writing across the curriculum, note and test-taking strategies, study skills, organization and time management.

Co/Extracurriculars

Broadneck High School offers over 120 clubs, athletic teams, leadership and service organizations, and honor societies. Students have the opportunity to engage in multiple activities during the school day as a part of BRUIN Block, an academic intervention and co/extra-curricular offering period designed to enrich the school experience. Popular clubs and organizations include Robotics, who earned a \$10,000 grant; National Honor Society, with over 100 members; the Dance-A-Thon, which raises money for Johns Hopkins Children's Center; the Student Athletic Leadership Council, where student-athletes learn valuable principles of leadership and service; and the Equity Club, where student voice is valued and respectful discourse leads to a more diverse and inclusive experience for students and staff. The Broadneck High School Marching Band regularly earns top local and state honors, and Broadneck's athletic teams consistently compete for region and state titles.

Magnet Program

The **Performing and Visual Arts (PVA) High School Magnet** program offers arts students the opportunity to build their artistic skill while gaining real world experience. This program is designed to engage students in focused arts instruction with highly qualified teachers and professional artists to foster aesthetic and critical thinking, creative inquiry, and artistic excellence. During extended day instruction, students from all arts majors at both PVA schools have the chance to further refine their craft in small group instruction while expanding their creative lens through collaboration, community engagement, and multiple performance avenues.

AACPS at a Glance

Located on the Chesapeake Bay, Anne Arundel County is conveniently located near the cities of Baltimore and Washington, D.C. Our county encompasses urban, suburban, and rural areas, with 432 miles of tidal shoreline.

As the 4th largest school district in Maryland, we are comprised of 129 schools serving

over 85,000 students. The county has over 6,600 teachers that offer a comprehensive system-wide multicultural curriculum from kindergarten through 12th grade.

For more information about our school system, including demographics and special programs, check out our [AACPS Fast Facts](#).
