Northeast High School is unique because we are a neighborhood high school serving the students and the families in our immediate area of Pasadena. We are the second smallest high school in Anne Arundel County Public Schools, but we are not provincial in the way we approach students and families in our school community.

Our vision for all students is to create a comprehensive educational program that rises to the level where a student's socioeconomic, racial, or ethnic background is not a predictor of their academic success. Northeast High School is where all students will be inspired to learn at their highest

potential, challenged to succeed in all their aspirations, and prepared for their education after high school.

The faculty and staff at Northeast High School are dedicated to these ideals and take great pride in connecting with all of our Eagles and their families in a meaningful and supportive school community. Students are able to access a myriad of rigorous courses to help them fulfill theirs, and their family's academic goals while accessing support programs, like MCJROTC, AVID, PLTW, Athletic teams, and clubs, which are all aimed at engaging students fully into their educational process.

Programs of Choice

Signature Program

Our Signature Program is [Human Performance](#) and is very active in building awareness around the health concerns that heavily impact our school community and our students. The Project Lead the Way Biomed courses and the MCJROTC Unit we offer fall under the Human Performance Program umbrella. More information on Signature Programs can be found at www.aacps.org/signatures.

Project Lead the Way

Project Lead The Way provides transformative learning experiences for PreK-12 students and teachers across the U.S. We create an engaging, hands-on classroom environment and empower students to develop in-demand knowledge and skills they need to thrive. We also provide teachers with the training, resources, and support they need to engage students in real-world learning. Our pathways in computer science, engineering, and biomedical science engage students in hands-on activities, projects, and problems; empower them to solve real-world challenges; and inspire them to reimagine how they see themselves.

AVID

AVID is an academic, elective program designed to provide support to students who are in the "academic middle." AVID prepares students to enter and be successful in college through career and college exploration.

During each AVID class, students receive instruction in: reading/writing across the curriculum, note and test-taking strategies, study skills, organization and time management.

JROTC

Anne Arundel County Public Schools offers three Junior Reserve Officers' Training Corps (JROTC) programs focusing on student leadership, citizenship and service to the community. Through partnerships with the United States Army, Navy and the Marines, instructors from all three branches prepare students in grades 9–12 for leadership roles while making them aware of their rights, responsibilities, and privileges as American citizens through rigorous instruction and hands-on activities. JROTC prepares students for life and they are not under any obligation to join the military. However, if they choose to further their interest in the military, satisfactory completion of the JROTC program can lead to advanced placement credit in the Senior ROTC program (college level) or advanced rank in any of the Armed Forces.

Senior Class

Northeast High School Class of 2021 had **307** Graduates

Demographics

AACPS at a Glance

Located on the Chesapeake Bay, Anne Arundel County is conveniently located near the cities of Baltimore and Washington, D.C. Our county encompasses urban, suburban, and rural areas, with 432 miles of tidal shoreline.

As the 4th largest school district in Maryland, we are comprised of 129 schools serving

over 85,000 students. The county has over 6,600 teachers that offer a comprehensive system-wide multicultural curriculum from kindergarten through 12th grade.

For more information about our school system, including demographics and special programs, check out our [AACPS Fast Facts](#).
