This memo is to advise you that starting Wednesday, June 23, 2021, and ending Tuesday, August 17, 2021, Anne Arundel County Public Schools (AACPS) employees will operate on a four-day work week schedule. ${ }^{1}$

This action is being undertaken in recognition that a four-day work week schedule will limit AACPS facilities operations expenses and may aid in reducing environmental impacts, lower transportation costs for employees and the school district, allow employees more options in managing their personal activities, and improve employee morale and retention levels.

Employees will be required to complete their weekly contractual work hours in four days. Employees who choose not to work the extended schedule will need to use annual leave for each Friday, unless otherwise provided for in their Negotiated Agreement. Given the impact COVID-19 has on travel and work operations, employees with higher leave balances are encouraged to utilize this opportunity to work their regular hours and take annual leave on Fridays. Those employees with unique hardship situations should meet with their appropriate supervisor as soon as possible to discuss their situation. Any schedule changes during the summer must be approved in writing by the supervisor and the Executive Director of Human Resources in advance of the change.

During this time period, employees will earn the same rate of pay and are eligible for the same benefits as if they were working a traditional schedule. Accrual of annual and sick leave will continue at the existing rate. With regard to leave, an absence of a full "extended" day of sick or annual leave will result in employees being charged the hourly equivalent of 1.25 days of the leave utilized. Leave may only be taken in accordance with contractual agreements.

This year, the observance of Independence Day (July 4) occurs on Monday, July 5, 2021, and AACPS will be closed on July 5, 2021.

All employees are responsible for working the mandatory number of weekly hours, as stipulated by their job group and/or negotiated agreement. The four-day work week schedule may not result in any decrease in work productivity. Similarly, this work schedule must not result in increased personnel, benefit, overtime, or other budgetary costs for any department or division. The quantity, quality, and timeliness of employee work must be maintained.
Accordingly, if teleworking operations continue during the four-day work week, increased accountability measures will be implemented to ensure employees are working their required work hours.

Any questions should be directed to Jessica S. Cuches, Executive Director of Human Resources, at 410-222-5075.
