

Navigating O*Net Online

www.onetonline.org

The screenshot shows the O*NET OnLine website interface. At the top left is the O*NET logo and the text "O*NET OnLine". To the right is a search bar labeled "Occupation keyword search" with the text "electrician" and a "Go" button. Below the header is a navigation menu with links: "Help", "Find Occupations", "Advanced Searches", "O*NET Data", "Crosswalks", "Share", and "Sites".

Two callout boxes with arrows point to specific features:

- A callout box labeled "Search by occupation" points to the "Occupation Keyword Search" section, which contains a search input field with "dental assistant" and a "Search O*NET-SOC occupations" button.
- A callout box labeled "Search by career outlook or cluster" points to the "Find Occupations" section, which lists "Bright Outlook" and "Career Cluster".

Other visible sections include "O*NET OnLine features" with a crane image, "More career sites & resources" with a collage of people, "I want to be a..." with a "Find your career at My Next Move" button, and "ATTN: VETERANS" with a dropdown menu for "Army (MOS)" and a "Go" button.

Once on the site, you will find it is easy to navigate. There are interest profilers and advanced searches that allow you to seek careers by duties, education, and skills.

There is also an interest profiler on the site if you are still exploring options!
