AACPS athletic programs follow the guidelines and regulations outlined in the following documents:

• Anne Arundel County Public Schools Board of Education (BOE) policies and regulations
• Anne Arundel County Public Schools Parent and Student Handbooks
• Anne Arundel County Public Schools Office of Athletics Athletic Handbook
• Maryland Public Secondary Schools Athletic Association (MPSSAA) handbook and seasonal bulletins
• National Federation of High School (NFHS) Sports policies and regulations
• National Interscholastic Athletic Administrators Association (NIAAA) policies and guidelines
• Maryland Public Secondary Schools Cheerleading Committee (MPSSCC) policies and guidelines
• Partnerships with Special Olympics

Note: Aside from cheerleading and unified sports, all other AACPS sponsored sports adhere to MPSSAA guidelines. Cheerleading follows MPSSCC guidelines. Unified sports partner with Special Olympics Maryland.
I. General Information

SECTION 2: SPORTSMANSHIP STATEMENT

Anne Arundel County Public Schools athletic programs are committed to the practice of good sportsmanship, ethics and integrity. The following definitions and expectations provide valuable information.

“Good sportsmanship is viewed by the National Federation of High School Associations as a commitment to fair play, ethical behavior and integrity. In perception and practice, sportsmanship is defined as those qualities that are characterized by generosity and genuine concern for others. The ideals of sportsmanship apply equally to all athletic disciplines. Individuals, regardless of their role in athletics, are expected to be aware of their influence on the behavior of others and model good sportsmanship.”

Expectations of SCHOOL ADMINISTRATORS

• Develop a program for teaching and promoting the fundamentals of good sportsmanship within the school, the league, conference and state.
• Provide appropriate supervisory personnel for each interscholastic event.
• Support participants, coaches and directors, and fans and spectators who teach and display good sportsmanship.
• Recognize exemplary behavior and actively discourage undesirable conduct by participants, coaches and fans.
• Attend events whenever possible.

Expectations of COACHES and ATHLETIC ADMINISTRATORS

• Always set a good example for participants and fans to follow, exemplifying the highest moral and ethical behavior.
• Instruct participants of good sportsmanship responsibilities and demand they make sportsmanship and ethics the number one priority.
• Respect judgment of contest officials, abide by rules of the event and display no behavior that could incite fans.
• Treat opposing coaches, athletic administrators, participants and fans with respect. Shake hands with officials, opposing coaches in public.
• Develop and enforce penalties for participants who do not abide by good sportsmanship standards.

Expectations of STUDENT-ATHLETE PARTICIPANTS

• Treat teammates with respect.
• Treat opponents with respect: i.e., shake hands after contests.
• Respect judgment of contest officials, abide by rules of the contest and display no behavior that could incite fans.
• Cooperate with officials, coaches, athletic administrators and fellow participants to conduct a fair contest.
• Seriously accept the responsibility and privilege of representing your school and community; display positive public action at all times.
• Live up to the high standard of good sportsmanship established by coach or athletic administrators.
Expectations of PARENTS, STUDENT-ATHLETES and OTHER FANS

• Realize a purchased ticket provides the privilege to observe a contest, support high school athletics, and display good sportsmanship. A ticket is not a license to verbally assault others or be generally obnoxious.

• Respect decisions made by contest officials.

• Be an exemplary role model by positively supporting teams in every manner possible, including content of cheers and signs.

• Respect fans, coaches, directors and participants.

• BE A FAN … NOT A FANATIC.

Expectations of EVENT STAFF

• Wear identifiable, appropriate staff gear.

• Welcome fans to your facility in a positive way.

• Treat visiting and home teams respectfully.

• Don’t offer personal comments or criticism of players, officials or coaches.

• Announcers should consistently display neutrality while calling contests.

Examples of ACCEPTABLE BEHAVIOR for EVERYONE in attendance at athletic contests.

• Applause during introduction of players, coaches and officials.

• Accept all decisions of the officials.

• Cheerleaders lead fans in encouraging school cheers, performed in a positive manner.

• Handshakes between participants and coaches at end of contest, regardless of outcome.

• Treat competition as a game, not a war.

• Coaches, players search out opposing participants to recognize them for outstanding performance.

• Applause at the end of a contest for performances of all participants.

• Showing concern for an injured player, regardless of team.

• Encouraging surrounding people to display only sportsmanlike conduct.

• During the National Anthem, student-athletes, participants, coaches and fans remove all hats or headwear, face the flag, remain silent, place their right hand on the heart and remain still until the end of the anthem.

• During the National Anthem, if singing, follow the music and lyrics precisely.

Examples of UNACCEPTABLE BEHAVIOR for EVERYONE in attendance at athletic contests.

• Disrespectful or derogatory cheers, chants, songs or gestures.

• Booing or heckling an official’s decision.

• Criticizing officials in any way; displaying anger with an official’s call.

• Refusing to shake hands or give recognition for good performances.

• Blaming losses on officials, coaches or participants.

• Laughing or name-calling to distract an opponent.

• Use of profanity or displays of anger that draw attention away from the game or activity.

• Performing one’s own cheer, instead of following the lead of cheerleaders.

I. General Information

SECTION 5: MARYLAND PUBLIC SECONDARY SCHOOLS ATHLETIC ASSOCIATION

A. The State Superintendent of Schools shall establish rules and regulations governing high school athletic programs for boys and girls in public high schools of Maryland, which shall be supervised by an organization known as the Maryland Public Secondary Schools Athletic Association (MPSSAA).

B. All public high schools of Anne Arundel County are members of the MPSSAA and are governed by its rules and regulations. It is the responsibility, however, of each county school system to supplement the state regulations as necessary.

SECTION 6: ANNE ARUNDEL COUNTY PUBLIC SCHOOLS ATHLETIC POLICY CHANGES

All decisions regarding athletic policies and policy changes shall be subject to the approval of the county Superintendent of Schools and the Anne Arundel County Board of Education (BOE).

SECTION 7: PRINCIPAL’S AUTHORITY

The principal of the local secondary school is responsible for the final determination of all matters related to his or her school’s athletic program.

SECTION 8: PROTOCOL for ADDING NEW SPORTS

A. Student-athletes, parents, interested community members, athletic directors or administrators may bring forth to their high school principal and athletic director a recommendation for a new sport to be considered to be added to the approved list of interscholastic sports recognized by the MPSSAA and supported by the National Federation of High Schools (NFHS) and funded by the BOE.

B. If the principal and athletic director supports the proposal, they will forward their recommendation to the Coordinator of Athletics. The Coordinator of Athletics will then proceed to step five.

C. If the local principal/athletic director does not support the proposal, an appeal may be filed with the Coordinator of Athletics within 10 business days of the local school rejection.

D. The Coordinator of Athletics will evaluate the appeal by soliciting the response of the Associate Superintendent of School Performance, high school principals and the athletic directors. If the majority of principals and athletic directors, and the Associate Superintendent of School Performance support the exploration of interest in the proposed sport, the evaluative process will continue.

E. A student-athlete survey will be administered to evaluate interest regarding participation in the recommended sport.
F. Information gathered via the interest survey will be shared with the Associate Superintendent of School Performance, high school principals and athletic directors for review. The survey must reflect that at least 50 percent of all high schools display an interest and can field a competitive squad relative to the number of participants involved in the recommended sport.

G. The Coordinator of Athletics will review the interest survey, as well as the discussion of high school principals and athletic directors, and make a recommendation to the Associate Superintendent of School Performance to either move the proposal forward to the BOE for further evaluation or stop the proposal due to lack of interest.

H. If the decision is made to move the proposal on to the BOE, the Associate Superintendent of School Performance and the Coordinator of Athletics will present the recommendation. The BOE will provide direction to pursue fact finding information on costs associated with the adoption of the recommended sport. Equipment, transportation, officials, coaching stipends and added responsibilities to administrators, athletic director and the Coordinator of Athletics will be considered. The BOE may choose not to support the recommendation of the sport and is not responsible for providing explanation, thus providing no further direction to the Associate Superintendent of School Performance and the Coordinator of Athletics for exploration of the proposal.

I. If so directed by the BOE, the Associate Superintendent of School Performance and the Coordinator of Athletics will present cost factors as well as any other pertinent issues to the BOE at a subsequent meeting. The BOE will make the final decision for or against the adoption of all new sports into the Anne Arundel County Interscholastic Athletic program.

J. New sports and/or additional squads can only become part of the county athletic program when the BOE formally adopts the recommendation and provides the required funds.

**SECTION 9: PROTOCOL for ELIMINATING SPORTS**

Existing sports can be considered for elimination from the interscholastic athletic program if less than 50 percent of the current high schools participate in the program. The sport elimination must be approved by the Athletic Legislative Committee.

SECTION 4: SQUAD MEMBERSHIP and TRANSFER

A. Any student-athlete who is officially registered and attending that school may try out for a team, providing the student-athlete resides within the school’s attendance area, or is attending with special permission of the Office of Pupil Services for Anne Arundel County Public Schools. Such a try-out must be consistent with state and county policies governing athletic participation.

B. Student-athletes are subject to all rules at the start date of the specific sport season from the first day of try-outs.

C. Once a season starts, schools are not required to grant a tryout to any student who missed the tryout process. However, for some reasons (such as squad size) schools may choose to grant a tryout to a student who was officially registered and attending that school at the time tryouts began, but who missed the initial tryout process. In the same way, students who officially transfer to Anne Arundel County Public Schools from out of county, out of state, or from a private school are eligible to try out for teams during that season, if the school allows such a tryout.

D. Once an athlete begins the try-out process for a sport at any Anne Arundel County Public School that athlete becomes ineligible to participate in that sport at another Anne Arundel County Public School for the remainder of the season. Families seeking an exemption to this guideline must submit the Intercounty In-Season Transfer Request Form to the Coordinator of Athletics at Anne Arundel County Public Schools BOE (2644 Riva Rd, Annapolis, MD 21401). The Coordinator of Athletics will initiate a process that will include communicating with the sending and receiving schools.

F. Once a student-athlete becomes a member of a squad, the student-athlete becomes ineligible to participate in another sport during that season at that school.

Exception:

• If a student-athlete is formally cut or released from a squad by the coaching staff, they may then try-out for a different sport that season if the second sport is still conducting try-outs.

G. A student-athlete may not participate in a number of contests that exceeds the maximum allowed during a week and/or season. Participation is defined as physical entry into a bona fide school-sanctioned athletic contest.

H. A student-athlete who is deemed ineligible will not participate in an interscholastic event. If he or she does participate while ineligible, the event will be forfeited.

I. Seniors are not eligible to participate on junior varsity teams or events, unless a school has a high school enrollment number that does not exceed 400 student-athletes and only fields one team in a given sport.

A. If a student-athlete with a disability receiving special education services (IEP or 504 plan) fails to meet academic eligibility standards to participate in interscholastic athletics or extracurricular activities, the student-athlete or his/her parent/guardian may contact the principal of the school to request the convening of an emergency admission, review and dismissal (IEP) committee meeting in order to determine if the student-athlete’s IEP has been implemented. Once a request for an IEP Review has been received by the school, the student-athlete will continue to participate fully in the extracurricular program pending the findings of the IEP Team/Committee.

B. The parent(s)/guardian(s) will be provided an explanation of procedural safeguards including all special education due process rights available under the federal and state law.

This system will be designated on all student-athlete transcripts. A student-athlete’s eligibility standing will be listed on his/her report card. The student-athlete’s transcript will reflect both a “weighted” and “un-weighted” grade point average.

SECTION 12: ACADEMIC ELIGIBILITY CALCULATIONS

A. The grading period will be utilized to calculate academic eligibility.

B. Board policy stipulates that a student-athlete is ineligible to participate in extracurricular activities if he or she receives more than one “E” or “U.”

C. If a student-athlete earns an “NG” as a marking period grade, the class is ignored for GPA calculations.

E. A class in which a student-athlete has withdrawn (semester grade “W”) is ignored for calculation of academic eligibility consideration.

F. If a student-athlete receives a “U” as a marking period grade, it will not be used in the calculations. The class will be ignored for purposes of computing GPA. It will, however, count as an “E” for purposes of the “more than one “E” rule.”

Student misuse of social media, whether on or off school grounds, that creates a hostile, disruptive, or unsafe school climate or brings negative attention to the athletic program, is unacceptable. Therefore, it is the practice of Anne Arundel County Public Schools to monitor social media activity and utilize the information for the safety and security of all students and staff. Misuse of social media will result in appropriate disciplinary action in accordance with BOE regulations (JCCC-RAA).

H. Hazing
1. Purpose
The purpose of this policy is to maintain a safe environment that is free from hazing for students and staff members. Hazing activities of any type are inconsistent with the educational goals of AACPS and are prohibited at all times.

2. General Statement of Policy
• No student, teacher, administrator or other AACPS employee, coach, contractor or volunteer shall plan, direct, encourage, aid or engage in hazing.
• No student, teacher, administrator or other AACPS employee, coach, contractor or volunteer shall permit, condone or tolerate hazing.
• Apparent permission or consent by a person being hazed does not lessen the prohibitions contained in this policy.
• This policy applies to hazing behavior that occurs on or off school property and during and after school hours.

3. Definition
“Hazing,” means committing an act against a student and/or coercing a student into committing an act that creates a potential or substantial risk of harm to a person, in order for the student to be initiated into or affiliated with a student organization, or for any other purpose. The term hazing includes, but is not limited to:
• Any type of physical brutality such as whipping, beating, striking, branding, electronic shocking or placing a harmful substance on the body.
• Any consequence-based game played by having a group of student-athletes kick or throw balls at another group of student-athletes (such as “Butts-Up”) constitutes hazing.
• Any type of physical activity such as sleep deprivation, exposure to weather, confinement in a restricted area, calisthenics or other activity that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.
VI. Parent & Student-Athlete Information

- Any activity involving the consumption of any alcoholic beverage, drug, tobacco product or any other food, liquid, or substance that subjects the student to an unreasonable risk of harm or that adversely affects the mental or physical health or safety of the student.

- Any activity that intimidates or threatens the student with ostracism, that subjects a student to extreme mental stress, embarrassment, shame or humiliation that adversely affects the mental health or dignity of the student or discourages the student from remaining in school.

- Any activity that causes or requires the student to perform a task that involves violation of state or federal law or of AACPS policies or regulations.

4. Reporting Procedures

- Any person who believes he or she has been the victim of hazing or any person with knowledge or belief of conduct which may constitute hazing shall report the alleged acts immediately to an appropriate school district official designated by this policy. Additionally, those who are reporting an act of hazing may use the AACPS Bullying, Harassment or Intimidation reporting form located at www.aacps.org under the Parent tab, click on forms.

- The building principal (or designee) will be responsible for investigating reports of hazing at the building level. Any person may report hazing directly to any school employee.

- Coaches, teachers, administrators, and other AACPS employees (including contractors), shall be particularly alert to possible situations, circumstances or events that might include hazing. Any such person who receives a report of, observes, or has other knowledge or belief of conduct which may constitute hazing shall inform school administration.

- Submission of a good faith complaint or report of hazing will not affect the complainant or reporter’s future employment, grades or work assignments.

5. AACPS Action

- All AACPS employees are mandatory reporters.

- Upon receipt of a complaint or report of hazing, AACPS shall undertake or authorize an investigation by school officials or a third party designated by AACPS.

- AACPS shall take immediate steps, at its discretion, to protect the complainant, reporter, students or others pending completion of an investigation of hazing.

- Upon completion of the investigation, AACPS will take appropriate action against any student-athlete or coach who has coordinated, directed, or participated in an act of hazing. Such action may include, but is not limited to, warning, suspension, exclusion, expulsion, transfer, remediation, termination or discharge. AACPS will actively deter hazing and appropriately discipline prohibited behavior.

6. Reprisal

AACPS will take appropriate action against any student, teacher, coach, administrator or other employee of the school district, or any contractor or volunteer who retaliates against anyone who makes a good faith report of hazing, or who testifies, assists or participates in an investigation or hearing about a hazing incident. Retaliation includes, but is not limited to, any form of intimidation, reprisal or harassment.
VI. Parent & Student-Athlete Information

SECTION 16: CONDUCT of SPECTATORS

The supervising personnel at an athletic function are required to maintain and enforce appropriate conduct of the spectators.

1. Spectators represent their schools.
2. Spectators are expected to demonstrate the highest standards of sportsmanship.
3. Booing, taunting, inappropriate cheers, or attempts to intimidate student-athletes, coaching staffs, event personnel, administrators, officials and opponents are unacceptable behaviors. Spectators should support and cheer for their teams in a positive manner.
4. Spectators who exhibit unacceptable behavior will be asked to leave the contest without reimbursement of game fees and will not be permitted to re-enter that contest. Further disciplinary action may be imposed by the school principal.
5. Spectators will not be permitted to leave and re-enter without paying a second admission.
6. Spectators must comply with the AACPS’ alcohol, drug and tobacco policies.
7. Spectators may not take food or drinks into the gymnasium.
8. Spectators must stay in the bleachers or stands. For spectator safety, there is no jumping on the bleachers or stands.
9. Only authorized coaches for the designated activity and/or authorized school supervisory personnel so designated by the school are permitted on the sidelines. Reporters who have requested to be on the sidelines should check in with game management.
10. School dress code extends to athletic contests.
11. During contest, spectators may not play catch or pickup games inside the stadium or gymnasium.
12. Noisemakers are prohibited at athletic events.

SECTION 17: DUE PROCESS

School officials must pay careful attention to the requirements of due process. Schools may enforce reasonable rules and regulations to maintain order and to facilitate control of the educational process. These regulations must, however, bear a reasonable relationship to the educational mission and may not be enforced in violation of individual rights granted by the Constitution in the 5th and 14th Amendments. A student-athlete facing suspension or dismissal from a team must be given oral or written notice of the allegations and the opportunity to be heard.
A. C.O.M.A.R.

.02G(1) “Students, while participating on a school team, are permitted to participate on sport teams outside of the school during the high school sports season. This participation shall meet the following criteria:"

1. The outside participation shall not conflict with the practice or contests scheduled of the school including district, regional, and State championship play unless prior approval has been obtained from the school principal and coach;

2. Students who elect to participate on an outside team and do not participate and practice with the school team throughout the designated sport’s season are ineligible to represent the school in all contests that determine a county, district, regional, or State championship during that sport’s season.

B. State Interpretation

Any factor of a non-school athletic activity that causes a student-athlete to miss any portion of a school practice or contest constitutes a conflict.

This would include but is not limited to practice, competition, tryouts/qualifying, travel to and from, registration, awards ceremony, etc.

*Note: It is expected that high school teams conduct practice for all members or engage in competition every day school is in session during the sports season.

C. Additional AACPS Conditions and Interpretations:

1. Approval requests for an outside conflict will only be granted for a unique opportunity or singular event. Approval requests must be submitted in writing prior to the first playable date of that specific sport season.

2. A student-athlete involved in a conflict without prior approval shall forfeit his/her eligibility for the remainder of that sports season. The student-athlete will be immediately removed from the team and will not finish the season in good standing. A COMAR violation occurs, against the school, when the student-athlete participates in an event or contest after forfeiting his/her eligibility.

3. An outside conflict is considered approved once the principal and coach give written approval. However, if an “approved” outside same sport conflict is to occur during any part of the state tournament series, the student-athlete will be ineligible to participate in the state tournament series.

   a. Violations are considered “conduct detrimental to the tournament” and the student-athlete would become ineligible for the state tournament series in the subsequent same sport season. Additional penalties may also be imposed.
SECTION 2: OUT-OF-SEASON PRACTICE

A. C.O.M.A.R.
.04G(1) “Member schools and coaches of member schools shall confine all organized or formal practice for a contestant or a team to the seasonal limitations as defined in Regulation .03.”

B. State Interpretation
Any school group or team gathering consisting of three or more players for the purpose of drilling or instruction would constitute a violation. School coaching staffs may work with a maximum of two players per day.

“School coaching staffs” are defined as any or all of the contracted coaches per sport. The two player maximum is per sport program, not per contracted coach on that sport program’s staff.

“Player” is defined as any student-athlete currently enrolled the school.

C. Additional AACPS Conditions and Interpretations
1. Open weight rooms, and speed/conditioning sessions shall be:
   a. Sponsored by the school and approved by the principal;
   b. Conducted with no sport specific instruction or team organization;
   c. Open and free to all members of the school’s student-athlete body;
   d. Supervised by a current AACPS employee (to include, active, paid coaches).
2. Pre and post-season “interest” meetings are not considered a violation.
3. Open gyms and open mats are prohibited by AACPS. All non-school related activities on AACPS property must obtain proper permitting through Recreation and Parks and the schools business manager.

SECTION 3: OUT-OF-SEASON COACHING

A. C.O.M.A.R.
.04G(2) “A coach may not coach a team representing his school beyond the sports season as defined in Regulation .03.”

B. State Interpretation
Any paid or volunteer coach at a member school may coach a non-school team provided the team has no direct affiliation with the school. When coaching non-school teams, including returning school players on non-school teams the following criteria is observed:

- The non-school team may not use a name directly connected with the school.
- The non-school team may not use school uniforms, equipment or funds.
- The non-school team may not use school facilities except as allowed by the local school system.
- The non-school team must meet local school system standards of a non-school team.
- The number of returning school players on the non-school team is limited according to the following time frame.
VII. Regulations, Interpretations, Violations, And Appeals

C. Time Frame

1. From the start of the fall sports season as defined in Regulation .03 to the last state championship game of the spring season, the outside teams roster does not exceed 80% of the returning players of what would constitute a starting lineup in that sport OR a modified version thereof (i.e., 7-on7 football, 3-on-3 basketball, indoor soccer, indoor lacrosse, etc.).

2. From the last state championship game of the spring season to the first day of fall practice, the outside team roster is unrestricted on the number of returning players.

SECTION 4: CAMP RULE

A. C.O.M.A.R.

.04I(2), (3) “MPSSAA member schools, member school coaches, school-related organizations, or individuals shall not sponsor or conduct a camp in which student-athletes who are returning players are involved or participate. A camp composed of several coaches with their respective teams is a violation of this regulation.”

B. State Interpretation

A school-related individual means any school employee, volunteer, his or her relatives and/or agents. Coaches may instruct non-school teams at camps.

*Note: Alleged violations brought by member schools, student-athletes or coaches will be investigated by the local superintendent or his or her designee. Those sponsoring and/or conducting a camp that is under investigation will be required to supply supporting data.
C. Additional AACPS Conditions and Interpretations:

1. As an extension of current conflicts of interest policies, AACPS coaches may not financially gain or personally benefit from a camp, clinic or conditioning session in which returning players are involved or participate, regardless of the camps organization, ownership, financial category or status, affiliations and/or location.
   a. College camps and USOC affiliates, not being conducted on AACPS property, that employ AACPS coaches are exceptions to this rule.

2. Returning players working at a camp as an official, counselor and/or instructor are not considered to be “involved or participating.”

SECTION 5: MISCONDUCT DETRIMENTAL TO A TOURNAMENT

A. C.O.M.A.R.

.07C (11) “If a team or any student-athletes participating in state tournament contest leaves the field before completion of the contest, or fails to continue when eligible to do so, or is guilty of misconduct detrimental to the tournament, then the team, coach, or student-athletes may be suspended from the further participation in the current tournament, and from the same tournament in the succeeding year, upon the determination of the Tournament Committee and the Executive Director.”

B. State Interpretation

Ejection from any district, regional or state tournament contest is considered misconduct detrimental to the tournament. Coaches, players and bench personnel ejected from these tournament contests are disqualified from the succeeding contest in that tournament year. Additional sanctions could be imposed depending on the circumstances.

C. Additional AACPS Conditions and Interpretations:

The Coordinator of Athletics shall determine a violation for misconduct detrimental to a tournament in sports/activities offered by AACPS not recognized by the MPSSAA.

SECTION 6: SPORTS OFFERED BY AACPS NOT RECOGNIZED BY THE MPSSAA

All sports offered by AACPS and not recognized by the MPSSAA may be subject to all COMAR athletic regulations. The Coordinator of Athletics shall determine violations and the Athletic Advisory Committee will hear any and all appeals for these sports.

SECTION 7: VIOLATION and APPEAL PROCEDURES

Procedures for determining and appealing violations of AACPS athletic rules and regulations:

Each school will accept and consider responsible individual and group complaints. A complaint is a claim that there has been a violation or misapplication of a written provision of school policy, regulation, or law. If formal legal advice is deemed necessary by either party or if the case alleges a violation of law that may lead to litigation, the complaint will proceed immediately to the Superintendent.
VII. Regulations, Interpretations, Violations, And Appeals

A. Informal Levels of Complaints:

A student or parent with a complaint will first discuss the problem with the person who made the decision which is alleged to be in error.

If the student or parent is not satisfied or does not receive a decision within ten school days, a conference should be arranged between the student and/or the parent(s) (or legal guardian) and the principal or principal’s designee. The conference shall take place within ten school days.

If the student or parent/guardian is dissatisfied with the decision rendered at the informal level, the person may file a formal written complaint to the principal.

Neither the Board, nor any member of the administration or faculty, will make reprisals affecting any party by reason of participation in the complaint procedure.

B. Formal Levels of Complaints:

Level I

If the student or parent/guardian is dissatisfied with the decision reached at the informal level of the complaint procedure, the student or parent/guardian will, within ten school days of the decision, file a formal written complaint to the principal, indicating the specific regulation, policy, or law violated. The principal, upon receipt, will meet with the student or parent/guardian, and render a written report, including specific recommendations, within ten school days.

Level II

If the student or parent/guardian is not satisfied with the decision rendered at Level I, or if the decision is not rendered within ten school days, the student or parent/guardian will refer the complaint to the appropriate Regional Assistant Superintendent within ten school days. Such complaints and appropriate records will be forwarded through the principal’s office. The appropriate Regional Assistant Superintendent will render a decision in writing within ten school days.

Level III

If the student or parent/guardian is not satisfied with the decision rendered at Level II, or if no decision is rendered within ten school days, the student or parent/guardian will refer the complaint to the Associate Superintendent for School Performance. The Associate Superintendent for School Performance will, within ten school days, render a written decision.

Level IV

If the student or parent/guardian is not satisfied with the decision rendered at Level III, or if no decision is rendered within ten school days, the person will refer the complaint to the Superintendent within ten school days. The Associate Superintendent of School Performance will forward all complaints and appropriate records to the Superintendent. The Superintendent will, within ten school days, render a written decision.

Level V

If the student or parent/guardian is dissatisfied with the decision rendered at Level IV, or if no decision is rendered within 15 school days, the person will refer the complaint to the Board within 30 calendar days.
Making a Formal Complaint

1. Put your complaint in writing. Before a problem can be solved, it must be expressed in words so that it can be understood.

2. If you feel you have exhausted all other avenues open to you without finding a satisfactory solution, file your written complaint with the school’s principal.

Procedures for determining and appealing violations of MPSSAA (COMAR) athletic rules and regulations:

A. For violations of the MPSSAA state handbook or NFHS rulebook the school principal, athletic director and/or coach shall contact the Coordinator of Athletics immediately upon hearing allegations or the discovery of an alleged violation.

B. The Coordinator of Athletics shall initiate a formal investigation of the allegations and/or alleged violation.

C. The school administration shall conduct a preliminary hearing as part of the investigation.

D. The principal or designee shall send all finding in writing within ten school days after the investigation/hearing concludes.

E. The Coordinator of Athletics shall render a ruling and respond, in writing, within ten school days after receiving all information regarding the alleged violation.

F. The Coordinator of Athletics shall cite all rules, regulations, by-laws, rulings, and/or other appropriate information related to the issue presented.

G. The Coordinator of Athletics ruling may be appealed in writing to the AACPS Athletic Advisory Committee within ten school days.

H. The AACPS Athletic Advisory Committee will convene within ten school days of receipt of the appeal. The AACPS Athletic Advisory Committee will be composed of the Deputy Superintendent, the Associate Superintendent of School Performance, a current athletic director, a current principal and a member of the Anne Arundel County Coaches Association. The Coordinator of Athletics will serve in an ex-officio capacity.

I. The parties requesting the hearing shall present their case to the AACPS Athletic Advisory Committee, which will make a recommendation to the Superintendent for a ruling. This ruling shall be communicated to all concerned parties by the local school administrator.

J. All MPSSAA procedures must be followed for alleged state rule violations.

K. The Superintendent, or the Superintendent’s designee, shall render a ruling in all alleged state violations.

L. A MPSSAA member school, student-athlete or coach may appeal the imposed penalties with 30 days and request a hearing before the Appeals Committee of the MPSSAA.
VIII. Financial Guidelines & Protocols

SECTION 1: BUDGETING

The interscholastic athletic program is funded by the BOE. A portion of athletic gate receipts provides additional financial support for the interscholastic athletic program. The combined benefits afforded to both genders from all sources (e.g. BOE, athletic gate receipts, athletic booster clubs and their support groups and all other outside entities) must be equally balanced.

SECTION 2: FUNDRAISING POLICY

The local participation of the school in fund raising projects, whether conducted by the total school or by student-athlete organizations, will be governed by the following considerations:

A. The fund raising projects will be planned in advance, and the number will be kept to a minimum, as determined by the principal to meet the needs of the school.

B. All fund raising projects will be approved by the principal. Three areas to be considered in the decision-making process are educational values for student-athletes, benefits for student-athletes and the safety of student-athletes.

C. Student-athletes will participate in fund raising activities on a voluntary basis. If the activities of the organization depend upon fund raising by all the student-athletes in the organization, all these student-athletes will be informed of the expectation to complete the fund raising project in order to participate in the activity. An exception would be extenuating circumstances in the case of individual student-athlete(s), as determined by the advisor and the principal.

D. There will be no exploitation of student-athletes in fundraisers.

E. All athletic fundraisers must obtain approval through school administration. The program sponsoring each approved fundraiser must be clearly identified to the public.

F. Schools wishing to hold summer camp fundraisers supported by AACPS must complete and submit to the Office of Athletics a “Summer Camp Fundraiser Request for Approval Form” no later than 45 days from the start of the camp.

SECTION 3: ADMISSION POLICY

A. AACPS charges a $5.00 admission fee for all spectators over the age of six. Admission may be charged for any AACPS contest held at a high school stadium or gymnasium.

B. In order to offset facility rental fees, AACPS may charge more than a $5.00 admission fee for contests held at outside venues (ex: Anne Arundel Olympic Swim Center, Prince George’s Sports and Learning Complex, Showplace Arena, etc).

C. AACPS charges a $6.00 admission fee for all gated County Championship contests.

D. Admission fees for athletic events will be subject to annual approval of the Athletic Legislative Committee and will be uniform for all county schools.
E. Gates typically open 30 minutes before the start of the first contest. Schools are permitted to empty their facilities before the gate opens.

F. To ensure safety, AACPS has a strict “NO RE-ENTRY” policy.

G. Band and Band Helpers
   - No admission charge will be made to the visiting band members provided they are in uniform.
   - Each home school is permitted seven adult band helpers admitted free of charge to assist with the band equipment and set-up.
   - Band directors shall submit a list of helpers to the athletic director prior to the start of the contest.
   - Additional helpers will be required to pay admission.

H. Passes, Cards, and Badges

Regular season:
   - AACPS multi-game punch card. Individually numbered multi-game discount punch cards are available through each school’s athletic director. Multi-game punch cards are only accepted at home games where the pass was purchased.
   - AACPS employee badge. Teachers and school personnel presenting a valid and current AACPS badge will be admitted free of charge, after signing in with their name, work location, job title, and signature.
   - AACPS senior citizen pass. Holders of AACPS senior citizen passes will be admitted free of charge at all regular season contests and in-season tournaments.
   - MPSSAA administrator/coach pass. Holders of MPSSAA administrator/coach passes will be admitted free of charge at all regular season contests, in-season tournaments, district, region, and state events, after signing in with their name, work location, job title, and signature.
   - **Media/Press/Photographer badges.** Holders of legitimate media/press/photographer badges will be admitted free of charge at all regular season contests, in-season tournaments, district, region, and state events, after signing in with their name, work location, job title, and signature.

County Championships:
   - No passes will be accepted for County Championship events.

Region and State Playoffs:
   - AACPS will follow MPSSAA admission guidelines for all regional and state playoff games (between $6.00 and $10.00, depending on the contest). AACPS-issued passes (multi-game, employee badge, senior citizen, etc.) will not be accepted at regional and state playoff events.

Pre-sold or capacity events:
   - For events where tickets are pre-sold, or when capacity is reached, the Office of Athletics will authorize/instruct schools to not honor any passes.
SECTION 4: YOUTH LEAGUE RECOGNITION AT CONTESTS

A. Each high school is given permission to choose ticketed contests hosted at high school facilities to invite related youth/feeder league teams and coaches to attend free of charge.
   • Youth/feeder league teams for other sports—such as cross country or tennis—may be invited to join one of the selected contests at the discretion of the athletic director.
   • High schools with multiple youth/feeder programs for the same sport may be selective in how many teams/groups are invited due to capacity issues.
   • Youth/feeder league teams for sports that are not sponsored by AACPS—such as ice hockey or sailing—are not eligible for this offer.

B. The athletic director is responsible for:
   • Working with high school head coaches to select the dates.
   • Communicating the selected dates with the Office of Athletics at the beginning of each season.
   • Working with head coaches to make a good faith effort to communicate the selected dates with all local youth/feeder league teams.
   • Posting the dates on all appropriate websites (school, athletics, sport-specific).
   • Recognizing the teams who are in attendance through public address announcements, halftime events or other means.

C. The youth/feeder team is responsible for:
   • Informing parents of the youth athletes that they are required to pay the standard $5.00 entry fee.
   • Requiring youth athletes to wear their team gear or uniform.
   • Requiring youth coaches to wear their coaching gear.
   • Enforcing that youth athletes not bring any equipment to the contest (examples: footballs, soccer balls, lacrosse sticks).
   • Requiring youth coaches and parents to monitor their athletes.
   • Requiring a 3:1 supervision ratio (three athletes to one adult ratio).
   • Require teams to arrange a common arrival time.

   *Note: Teams/groups/organizations who fail to comply with these responsibilities will not be invited to participate from that point forward, at the discretion of school administration.

D. Halftime Events
   The athletic director may work with youth/feeder league coaches and teams to incorporate half time events such as free throw contests or passing competitions. No money can exchange hands for these sorts of events. Prizes can be given away.
SECTION 5: PURCHASING GUIDELINES

Coaches may not purchase uniforms, equipment or supplies from any account without approval from both the principal/principal’s designee and the athletic director. No purchase order may be generated without verification from the school’s financial secretary that funds are available. Administrative verification of misappropriation of funds may result in immediate termination. Additionally, the athletic employee may have their extracurricular payment withheld and be personally required to repay funds.

SECTION 6: ATHLETIC BOOSTER CLUB GUIDELINES

A. Purpose

These standards ensure equity and consistency in the form and function of athletic booster clubs across the school system. Athletic Booster Clubs are of great potential benefit to the goals of the school and an interscholastic athletic program. Athletic Booster Clubs will work collaboratively with the school’s administration and athletic director to ensure fundraising activities correlate with the goals of the school and athletic program. Athletic Booster Clubs must operate within Title IX, MPSSAA, and AACPS parameters, and provide benefits in a legal, positive, and equitable manner.

B. Definitions

Athletic Booster Clubs are organized groups of adults who provide financial and/or non-financial support for high school athletic programs and operate on a year-round and sustained basis. Athletic Booster Clubs are a separate organization outside the school system. There may be only one Athletic Booster Club per high school, which is designated as the official interface with the Administration.

Team Support Groups exist and operate under the umbrella and direction of the Athletic Booster Club.

Benefits are any service, goods, or monies donated from the Athletic Booster Club. All benefits must be accepted by the principal or principal’s designee and recorded for accounting and Title IX purposes. Regardless of the source, when those benefits are donated from the Athletic Booster Club or Team Support Group and accepted by the school administration, those benefits become property of AACPS.

Outside Community Groups are independent organizations existing separately from AACPS and the Athletic Booster Clubs. Advanced written permission from the school Administration must be obtained before an outside group may fundraise in the name of an AACPS school or school team or use AACPS property. Permission will only be granted for fundraising endeavors which have a defined purpose, a timeline for disbursement of any benefits and do not conflict with school or booster fundraising activities. Benefits may only be made directly to the Boosters or the Administration; never directly to a coach or team.

Team Fundraisers involve both student-athletes and adults connected to a specific school team. These fundraisers must follow all BOE policies and athletic regulations. These activities are not under the direction of the Athletic Booster Clubs but operate at the discretion of the school’s principal and/or designee. All funds must be deposited into a designated athletic fundraiser account.
Liability Insurance is a policy that protects the Athletic Booster Club, its directors, and its support groups for activities outside of AACPS events and property, in the event harm or injury occurs to participants.

C. Authority to Function
The Athletic Booster Club must have the approval of the principal or designee in order to function. The Athletic Booster Club must develop and present to the principal or designee, approved bylaws that establish the structure, purpose, election process, financial accounting, and operating guidelines of the group. A representative of the high school administration shall be included at all formal meetings. An individual, organization or team support group may not raise funds on AACPS property or in the name of a school, a school team, or the school district, unless they receive advanced permission from the Athletic Booster Club and principal or designee. Upon learning about possible guideline violations, the principal may choose to initiate an investigation. The principal has the authority to suspend or disband the relationship their high school has with a booster club for guideline violations. A booster club that no longer has a relationship with a high school may not use the high school name or mascot in any future operations.

D. Annual Requirements
It is expected that the Athletic Booster Club president will meet with the athletic director and principal or designee. The booster club president shall submit the most current versions of the following documentation for review by September 30th:

- A meeting calendar for the upcoming school year
- A copy of the approved bylaws
- A valid copy of their 501(c)(3) determination letter from the IRS
- A filed copy of IRS Form 990, 990-EZ, or 990-N
- A copy of their certificate of liability insurance
- Year End Financial Statements
- A draft schedule of planned fundraising events for the coming school year
- A support plan of anticipated benefits donated by the Athletic Booster Club and their Team Support Groups

Upon receipt of all documentation, the principal or designee will draft an authorization letter and send it to the Athletic Booster Club. This letter will state that, as a result of meeting the annual requirements, the Athletic Booster Club is authorized to exist and function in partnership with the high school for the upcoming school year. Copies of this letter will be kept on file at the high school and at the Office of Athletics at the BOE (2644 Riva Rd, Annapolis, MD 21401).

E. Meetings, Communication, And Advocating
Athletic Booster Clubs are expected to meet a minimum of four times during the school year. The meeting calendar must be shared with the Athletic Director and made available to all coaches, student-athletes, and families. If possible, the meeting calendar and subsequent meeting minutes should be published on school and athletic related websites.

The Athletic Booster Club is expected to present at the Fall, Winter, and Spring “Meet the Coaches/Orientation” nights to encourage membership, share the meeting calendar, and provide updates regarding current and future projects.
F. The Role of The Athletic Director
The Athletic Director or designee will serve as the liaison between the Athletic Boosters Club, the teams, and the school administration. The athletic director or designee must attend all Athletic Booster Club meetings and ensure that both Athletic Booster Club bylaws and guidelines outlined in the athletic handbook are followed.

G. Team Support Groups
With permission from the Athletic Booster Club and principal, individual Team Support Groups may exist under the umbrella and direction of the school’s Athletic Booster Club, as long as:

1. All funds raised from these groups must be processed through the school’s Athletic Booster Club account or a pre-designated school account.
2. The Athletic Booster Club will ensure that any fundraising events conducted by Team Support Groups are covered by appropriate insurance protection.

H. Financial Accounting
All regularly scheduled Athletic Booster Club meetings should include a financial report. The Athletic Booster Club must follow school and school system guidelines and procedures. Please see the section entitled, Fundraising Policy in the AACPS Athletic Handbook.

I. Summer League and Camp Restrictions
Athletic Booster Clubs may not use funds to pay a school team’s summer league-related expenses or coaches’ compensation. Athletic Booster Clubs may not sponsor or conduct a camp or league in which a school’s returning players are participating. A student-athlete working at a camp is not considered to be participating.

J. Personal Effects
Nominal awards or gifts may be purchased for teams or individuals, such as plaques or T-shirts, but such purchases must be made in an equitable manner for all teams (e.g., awards given to teams for championship seasons would be considered equitable). If the Athletic Booster Club decide to help defray the cost of team or seasonal banquets, such assistance must be made in an equitable manner for all student-athletes. Athletic Booster Clubs might support regional awards banquets (such as the Friends of Joe Cannon Scholarship Banquet) provided such benefits are accounted for in the support plan approved by the principal.

K. Donations/Purchases
Athletic Booster Club or individual benefits must be presented to the principal or principal’s designee. Donations or payments may not be presented to a coach or participant directly.
SECTION 1: THUNDER/LIGHTNING INFORMATION and GUIDELINES

A. The National Weather Service has stated that lightning can strike up to a distance of 10 miles with storms traveling at a speed exceeding 50 miles per hour. However, thunder can only be heard within a distance of eight miles. Therefore, if you hear thunder and/or see lightning, you are in immediate danger and should seek protective shelter in an indoor facility at once. An indoor facility is recommended as the safest protective shelter. However, if an indoor facility is not available, an automobile is a fairly safe alternative. If neither of these is available, the following guidelines are recommended. Avoid standing under large trees and telephone poles. If the only alternative is a tree, choose a small tree in a wooded area that is not on a hill. As a last alternative, find a ravine or valley. In all instances outdoors, assume the crouched position. Avoid standing water and metal objects at all times (i.e. steering wheel, metal bleachers, cleats, umbrellas, etc.)

B. The most dangerous storms give little or no warning; thunder and lightning are not heard or seen. Up to 40% of all lightning is not accompanied by thunder and 20-40% of thunder cannot be heard due to atmospheric disturbances, thus the term “silent killer”.

C. The National Weather Service also recommends that 30 minutes should pass after the last sound of thunder is heard and/or a lightning strike is seen prior to resuming play. This is to allow sufficient time for the storm to pass and move out of lightning strike range.

D. The intent of these guidelines is to ensure safety in situations where thunder/lightning occur during any athletic activity. School personnel are to follow these expectations:

1. If thunder and/or lightning can be heard and/or seen, immediately stop the activity and seek a safe shelter. A safe shelter location is any substantial frequently inhabited building. The building should have four solid walls (not a dugout), electrical and telephone wiring, as well as plumbing, all of which aid in grounding a structure.

2. The secondary choice for a safer location from the lighting hazard is a fully enclosed vehicle with a metal roof and the windows completely closed. It is important to not touch any part of the metal framework of the vehicle while inside it during an ongoing thunderstorm.

3. In situations where thunder and/or lightning may or may not be present, yet you feel your hair stand on end and skin tingle, immediately assume the following crouched position: drop to your knee, place your hands/arms on your legs, and lower your head. Do not lie flat.

4. In the event that either situation should occur, allow thirty minutes to pass after the last sound of thunder and/or lightning strike before resuming play.
   - In situations where multiple sounds of thunder and/or lightning strikes occur, play must resume within 1 hour after the initial suspension of the event (otherwise the event will be concluded/postponed in accordance with sports-specific rulebooks).
   - If play resumes and is suspended for a second time, school personnel may opt to not wait the thirty minutes and conclude/postpone the event.
   - Events will not start or restart after 8 pm.
SECTION 2: HEAT GUIDELINES

A. The intent of these guidelines is to minimize injury and heat-related illnesses while enhancing the player's health, performance and well-being. Coaches, student-athletes and parents are reminded to always err on the side of caution. Schools are encouraged to educate student-athletes and parents regarding the risks of dehydration on health and physical performance. Schools should work with individual student-athletes to develop fluid-replacement strategies that optimize hydration status before, during and after competition /practice.

B. Each year high school student-athletes experience serious injury and even death as a result of heat-related illnesses. It has become a major concern in that the number of deaths over the last 15 years has remained constant. That statistic becomes more alarming given that heat-related illness and death are almost entirely preventable. The need to dramatically increase awareness of the issue, recognize the symptoms of heat illness and treatment of suspected cases has become a primary consideration for early season practice routines.

C. These guidelines are recommended for fall practice where the greatest risks of heat-related illnesses occur. However, student-athletes practicing indoors, in non-air conditioned or poorly ventilated gyms are also susceptible as are student-athletes practicing for spring sports. The guidelines are also recommended for winter and spring sports regarding the duration and intensity of practices. AACPS will evaluate whether equipment restrictions are necessary for winter and spring sports.

IX. Health & Safety Guidelines

SECTION 3: GAME and PRACTICE RESTRICTIONS DUE TO HEAT

AACPS central office staff may issue county-wide heat restrictions in accordance with the following heat index chart. Any such county-wide restriction will be based on the National Oceanographic and Atmospheric Administration (NOAA) website/application utilizing the 21401-zip code for Annapolis, MD and sent to athletic administrators for consistent implementation at all school sites.

Athletic directors, in consultation with trainers and coaches, will monitor the heat index at their school site. Any school may implement additional, more stringent guidelines above and beyond what the county issues if the circumstances at their facility warrants such additional precautions. Coaches are to follow specific guidelines indicated for each code.

Measurements taken at neighboring or adjacent schools/facilities/fields, and/or with various applications may result in different heat indexes. Specifically, turf fields tend to have a higher heat index than grass fields and shaded fields or those prone to cross winds tend to have lower heat index than fields without those factors. For consistency within school staffs, it is expected that each school select and use one website/application for all coaches, trainers, and administrators at that site.

If the temperature is below 84°F, Heat Index calculations are not required.

• Allow athletes to change into dry t-shirts and shorts at defined intervals.  
• Reduce time of outside activity.  
• Reduce time of indoor activity, if air conditioning is unavailable. |
| Yellow | 95–99 (recheck every 30 minutes) | All of restrictions listed below, plus:  
• Provide mandatory 10-minute water breaks every 30 minutes to allow hydration as a group.  
• Reduce the time of the outside activity.  
• Consider postponing practice until later in the day.  
• Remove helmets and other equipment when athlete is not directly involved in the competition, drill, or practice and it is not otherwise required by rule. |
| Green | Under 95 (recheck every 30 minutes) | • Have water available for athletes to take in as much as they desire.  
• Provide optional 10-minute water breaks every 30 minutes to allow hydration as a group.  
• Provide towels with ice to cool athletes as needed.  
• Watch/monitor athletes for necessary action. |
SECTION 4: GAME and PRACTICE RESTRICTIONS DUE TO OTHER WEATHER EVENTS

Central Office staff may issue practice/contest restrictions in cases of extreme weather as identified and forecasted by the National Weather Service or other weather agencies. This includes restrictions for wind chill, high winds, storms, earthquakes, and other weather events. Every attempt will be made to communicate county-wide restrictions in as timely a manner as possible. However, school staff may, at any time, act unilaterally and restrict athletic activities on their campus if they believe the health and safety of their student-athletes is at risk.

SECTION 5: CONCUSSION INFORMATION

A. Definition

A type of traumatic brain injury causing an immediate and, usually short-lived change in mental status or an alternation of normal consciousness resulting from a bump, blow, jolt, shaking or spinning of the head or body.

B. Recognizing Concussion

1. Concussions do not always involve a loss of consciousness. ANY traumatic blow to the head or to another part of the body (which causes a whiplash effect to the head) should be considered as a mechanism of concussion injury. While headache is the most common symptom of concussion, all people will experience concussion differently. Therefore, all of the potential signs and symptoms of concussion should be considered.

2. An injured student-athlete suspected of having a concussion should be immediately removed from the practice or contest and evaluated by the appropriate qualified person. However, the injured student-athlete may not re-enter the practice or contest, nor participate in subsequent practices or contests until cleared by an appropriate medical professional. For more information, please see our Head Injury Guidelines at www.aacps.org/athletics.

All student-athletes who get “rocked” or “dinged” and exhibit any of these signs or symptoms should be referred immediately to the athletic trainer and/or physician. If a question exists and no medical personnel are available, emergency transport (ambulance) the student-athlete to a hospital.
IX. Health & Safety Guidelines

D. Return to Play

Return to play should occur in gradual steps beginning with light aerobic exercise only to increase your heart rate (i.e. stationary cycle); moving to increasing your heart rate with movement (i.e. running); then adding controlled contact if appropriate; and finally return to sports competition. Pay careful attention to your symptoms and your thinking and concentration skills at each stage or activity. After completion of each step without recurrence of symptoms, you can move to the next level of activity the next day. Move to the next level of activity only if you do not experience any symptoms at the present level. If your symptoms return, let your health care provider know, return to the first level and restart the program gradually.

**Day 1:** Low levels of physical activity include walking, light jogging, light stationary biking, and light weightlifting.

**Day 2:** Moderate levels of physical activity with body/head movement. This includes moderate jogging, brief running, moderate intensity on the stationary cycle, and moderate intensity weightlifting.

**Day 3:** Heavy non-contact physical activity. This includes sprinting/running, high intensity stationary cycling, completing the regular lifting routine, and non-contact sport specific drills.

**Day 4:** Sports Specific practice

**Day 5:** Full contact in a controlled drill or practice.

**Day 6:** Return to competition

SECTION 6: STANDARD STUDENT-ATHLETE ACCIDENT REPORT

For all injuries, the athletic trainer must submit a Standard Student Accident Report form to the athletic director and school nurse within 24 hours.
SECTION 7: FIRE, POLICE AND HOSPITAL FLOWCHART

For occurrences after school hours and on non-school days (includes hospital trips via ambulance or parent)

Information to be reported:
- School
- Name
- Grade
- Team and level
- Description of injury
- Parent status
- Name of hospital
SECTION 8: AACPS SUSPECTED HEAD INJURY PROCEDURAL FLOWCHART
SECTION 1: COUNTY CHAMPIONSHIP INFORMATION

A. AACPS will recognize an in-season county champion for each team sport. For sports with tiered scheduling: (1) the C division is not eligible for winning the in-season county championship, and (2) games played between the B and C divisions will not be included in any of the calculations below. The following procedures will be used:

Procedures for determining the in-season county champion:
1. Winning % in the county scheduled games
2. Head-to-head record in the county (not applicable with 3 or more schools when schedules and opponents are not equal)
3. Winning % of all contest excluding tournaments
4. Winning % of all contest including tournaments
5. Declare county co-champions

B. County Championship Games
The top two teams in the following sports will compete in a varsity county championship game at the end of the regular season. For sports with tiered scheduling (1) the C division is not eligible to participate in the county championship game, and (2) games played between the B and C divisions will not be included in any of the calculations below.

Field Hockey  Boys Basketball  Boys Lacrosse
Boys Soccer  Girls Basketball  Girls Lacrosse
Girls Soccer  Baseball
Volleyball  Softball

Note: Junior varsity county championship games may be scheduled.

Procedures for determining the two teams to participate in the county championship game:
1. Winning % in the county scheduled games
2. Head-to-head record in the county
3. Winning % of all contest excluding tournaments
4. Coin flip

Note: When applying tie-breaking procedures in instances where three or more teams are tied for a particular seed, the criteria must affect all three (or more) teams equally or proceed to the next tie breaker criteria (aligned with MPSSAA procedures).

C. Additionally, the following sports will participate in their traditional culminating county tournament:
Cheerleading  Tennis  Unified Bocce
Cross Country  Track and Field  Unified Bowling
Golf  Swimming  Unified Tennis
Indoor Track  Wrestling

A. County Championships should be financially solvent and self-sustaining.

B. Hosting these contests is outside the normal structure of the regular season. Athletic directors may be paid as “site directors” for these contests.

C. AACPS may charge more than the standard $6.00 ticket price for multiday county championship events or those hosted at outside facilities.
