

AACPS Fall Sports Communication

- Fall sports are scheduled to run from February 16, 2021, through April 17, 2021.
- Opening up registration for fall sports does not guarantee we will have in-person activity on any particular week or for any particular period of time. We want families to be aware of the reality that we may revert to virtual weeks if/when necessary. The type of activity we offer is contingent upon ongoing, collaborative efforts between the school system and our local department of health.
- AACPS high schools will be facilitate fall sports registration through FamilyID. Once open, registration closing will be based on numbers, staffing, and other school-based factors. Those decisions will be made at the school level and will depend on registration and participation numbers.
- Communication on the current status of our sports programs will come from the AACPS Office of Athletics in conjunction with the AACPS Communications Office. Schools will not make county-wide announcements on their own. They will provide status updates and information provided by the county to their coaches and communities as soon as they become available.
- Attendance will be taken at all sessions.
