**About the Student Handbook**

Each year AACPS reviews this Handbook. A committee of parents, teachers, administrators, and advocates meets to consider recommendations and to make needed revisions. Each local school safety plan is reviewed in the same manner. Revisions are reviewed by legal counsel and forwarded to the Superintendent.

Direct questions concerning the handbook to:

The Office of Safe and Orderly Schools

This handbook can be found online (www.aacps.org/students) and is also available in Spanish.
Please review the Student Handbook: Rights & Responsibilities with your child. His/her teacher has discussed it in class, as the Code of Student Conduct (pp. 5–19) and the policies and regulations it references are an important part of daily student life, supporting a safe and secure learning environment. It is so central to success in school that there will be periodic reviews of important sections of the Code during the year, in particular sections related to:

- Participation in Senior Activities (page 22)
- Academic Dishonesty (page 23)
- Technology Resource Use by Students (page 24)
- Bullying, Cyberbullying, Harassment, Intimidation, Hazing, & Bias Behavior (page 28)

It is essential that the school and home work together to assure that all students meet the high expectations for behavior established in the Code of Student Conduct. This enables students to succeed in school and the community. Your support is vital in this process.

After you have reviewed the Student Handbook and the Code of Student Conduct with your child, please sign and return the signed form to the school.

As the parent/guardian of the above student, I have read and discussed the Student Handbook: Rights & Responsibilities including the Code of Student Conduct and the Participation in Senior Activities, Academic Integrity, and Technology Resource Use by Students Policies and Regulations with my child.

I understand that the Student Handbook and the policies and regulations it references apply to all students at all times on all Board of Education property, including in school buildings and on school grounds; in all school vehicles; and at all school, school-related, or Board-sponsored activities, including but not limited to, school field trips, international trips, and school sporting events, whether such activities are held on school property or at locations off school property, including private business or commercial establishments.

I understand that students who violate Board policies and regulations on alcoholic beverages and other dangerous substances (page 18) and student conduct shall be prohibited from participation in all senior activities, including prom, graduation, and others.

The handbook was sent home to be shared with the parent(s)/guardian(s) on ____________.

Please detach and return this form to your child’s teacher.

School safety and academic success are created and strengthened when students are effectively and actively engaged in their learning. These outcomes are enhanced when positive relationships exist between students and school staff, and when families, communities, and school staff work collaboratively to support positive student outcomes.

In Anne Arundel County Public Schools, students have rights and privileges as well as responsibilities. While the school system has an obligation to provide an education for all students, we have set high standards for students to conduct themselves in a way that is respectful and helps to build a climate essential for learning.

Students, parents, teachers, school administrators, and community leaders have developed this handbook, which outlines appropriate, responsible student behavior. It is intended to inform students of the expectations for behavior that will result in a school atmosphere that promotes excellence in teaching and learning.

**Purpose of the Handbook**

The purpose of the handbook is four-fold:

1. To illustrate expected appropriate and respectful student behaviors.
2. To describe violations of the Code of Student Conduct and associated interventions and consequences that may be enforced.
3. To outline student rights, privileges, and responsibilities.
4. To provide information about how to get help with appeal requests, processes and procedures, and resources available from school system personnel. This handbook also includes a glossary of terms used throughout the document.

**Expected Character Traits**

Equally important to sharing what is expected of students is that school and district policies and practices support character development, the development of self-control, and positive behavior choices. Developing positive and effective student behaviors requires collaborative efforts from school, home, and community organizations and agencies. Students in an effective learning community are expected to demonstrate the following character traits: **responsibility**, **respect**, **trust**, **citizenship**, and **caring**.

**Responsibility** is demonstrated by always doing your best, thinking about consequences, being accountable for choices, and doing what one is expected to do. **Respect** is shown by treating others the way you wish to be treated, using good manners and appropriate language, dealing peacefully with anger, insults, and disagreements, and accepting differences among people. **Trust** is built by keeping promises, telling the truth, being reliable, practicing academic integrity, and building a good reputation. **Citizenship** has to do with making your school and community a better place, obeying laws and rules, and respecting authority. And finally, **caring** is displayed by showing concern for the well-being of others around you.

**Appropriate Behaviors**

Our schools support appropriate student behaviors that facilitate learning and minimize disruption in several ways. One example is **Social Emotional Foundations of Early Learning (SEFEL)**, embedded in the primary years’ curriculum. SEFEL is a framework for teaching social emotional development and school readiness skills so that children can problem solve, recognize their own feelings and those of others, refrain from impulsive behavior, and manage their anger. **Positive Behavioral Intervention & Supports (PBIS)** is a proactive approach to school-wide discipline. It focuses on creating and sustaining strategies for achieving positive social and learning outcomes while preventing problem behaviors. PBIS uses a collaborative team approach to analyze and respond to discipline-related behavioral patterns.

The focus of this handbook is to guide student behavior, to link interventions to improve student behavior, and to inform others that will assist school staff in creating safe and orderly environments. The rules and expectations outlined have been developed so that a combination of consistent and fair strategies will be implemented in every classroom and every school.

**The goal of Anne Arundel County Public Schools is to ensure that every student meets or exceeds standards as achievement gaps are eliminated.**
At Anne Arundel County Public Schools, diversity is invited, nurtured, and celebrated!

As we continue to strive in Anne Arundel County Public Schools to elevate all students and eliminate all gaps, community stakeholders came together during the 2016–17 and 2017–18 school years to let us know what they felt was most important for us to embrace as guiding values for our next five years.

We are committed to providing all Anne Arundel County Public School students and employees with access to safe, equitable, and engaging environments to learn and work.

As Anne Arundel County’s citizenry grows more diverse, we increase our attention and dedication to making our schools and offices places where all may thrive. Students and staff bring a wide range of traditions and cultures from their homes into our schools and workplaces. We respect and honor this diversity and work purposefully to make all feel they are able to grow to great heights where their success will ultimately be celebrated and rewarded.
The Code of Student Conduct

The Code of Student Conduct shall apply to all students at all times on all Board of Education property, including:

- In School Buildings
- On School Grounds
- In All School Vehicles
- At All School, School-related, or Board-sponsored Activities

(whether such activities are held on school property or at locations off school property, including private business or commercial establishments)

2. Respect and be courteous to fellow students, parents/guardians, and school staff.
3. Understand and comply with discipline policies, regulations, and rules.
4. Follow school rules, even when not specifically asked to do so.
5. Make every reasonable effort to participate actively in any conferences, activities, interventions, or programs recommended appropriately by school staff.
6. Recognize how their conduct affects other students and school staff, and make every reasonable effort to restore relationships affected by their conduct.
7. Request to complete make-up work while they are out of school for disciplinary reasons, so that they do not fall behind.
8. Share ideas and strategies for improving school climate and school discipline practices.

A major initiative in AACPS is Positive Behavioral Intervention & Supports (PBIS) which includes proactive strategies for defining, supporting, and teaching appropriate behaviors to create positive learning environments. Attention is focused on sustaining a three-tiered or level system of support to enhance student learning. Students often need encouragement and new skills to improve their behavior and assistance in learning to do so. School staff recognize that maintaining and changing student behaviors involves a continuum of acknowledgements, supports, and interventions.

(Center for Positive Behavior Intervention Supports, University of Oregon)

**Everyone in the AACPS Family Fosters Student Growth**

We accept and embrace the challenge and responsibility to meet every student uniquely based on individual needs. Every member of the AACPS family must make a meaningful contribution to student growth, if we are to support our students to develop into caring, competent, and contributing citizens.

**Three Tiers of Intervention**

**Tier 1—All Students**

Includes:

- general curriculum enhanced by acknowledgments of positive behaviors, and clearly stated expectations that are applied to all students

**Tier 2—Targeted Interventions**

Focus on:

- specific interventions for students who do not respond to universal efforts
- targeted groups of students who require more support
- interventions that are part of a continuum of behavioral supports needed in schools

**Tier 3—Intensive Individualized Interventions**

Focus on:

- the needs of individual students who exhibit a pattern of problem behaviors
- diminishing problem behaviors and increasing the student’s social skills and functioning
- interventions involving functional behavioral assessments and behavioral intervention plans
The Three Tiers of Intervention

Interventions may include (but are not limited to) the examples below.

**Tier 3**

As with any incident of student behavior, school administrators must exercise informed judgment as to whether a student’s actions constitute a violation of Board policy and/or regulation. The levels, shown on the following pages, guide administrators to use progressive interventions to change student behaviors. Interventions include a continuum of proven activities, supports and programs to support students’ social, emotional, and behavioral health. Interventions are aimed at reducing continued and/or escalation of inappropriate behaviors or violations of the code of conduct.

Consequences are actions taken by school administrators in response to a violation of the Code of Conduct. Interventions and Consequences may be used simultaneously.

The administrator always has the option to use an intervention from a lower level as long as one from the prescribed level is also employed. Moreover, if a behavior is deemed a criminal offense by local authorities, the consequence may be subject to disciplinary action by the Department of Juvenile Services. Restitution for loss or damage of property will be required in addition to any other prescribed consequences.

Levels of consequences and options for progressive interventions follow. Imminent threat of harm to students and staff and repeated chronic or cumulative offenses may require higher levels of interventions/consequences. For serious violations, interventions/consequences may begin at a higher level.
Anne Arundel County Public Schools embraces restorative practices in response to violations of the Code of Student Conduct. In this approach, the expectation is to repair harm done, restore relationships, and create a pathway back to the classroom and the school.

Riding the school bus is a privilege. This privilege may be temporarily denied or permanently revoked if misconduct jeopardizes the safe operation of the school bus or the safety of students riding the bus. School suspension is a possible sanction.

Behavior or activity jeopardizing the safe operation of the school bus or interfering with the welfare of other vehicle occupants is prohibited. The school bus operator will report promptly and in writing to appropriate administrative staff any conduct appearing to require disciplinary action. After administrative staff evaluation, appropriate disciplinary action will follow. A copy of the misconduct report will be returned to the school bus operator. Generally, misconduct on a school bus will not deny a student access to the classroom. School suspension, including expulsion, will occur only in special cases of misconduct that warrant this type of action.

**Video/Digital Cameras and Audio Recording Devices**

Many school buses are now equipped with video/digital cameras and audio recording devices. These tools monitor the passenger area of the bus. As such, you could be subject to audio surveillance. The objective is to provide an important additional tool to assist the driver and administration in managing student conduct on school buses, an important safety consideration that benefits all.

Bus Behavior Expectations & Safety Requirements for All Students

Riding the school bus is a privilege. This privilege may be temporarily denied or permanently revoked if misconduct jeopardizes the safe operation of the school bus or the safety of students riding the bus. School suspension is a possible sanction. Students are expected to observe the following rules for safety and courtesy on the bus. Parents are responsible for the supervision and safety of students from home until they board the bus, and from the bus stop to home.

This section includes only a summary of laws, policies, and regulations that affect students. It is not a definitive statement of student rights in any particular situation. For additional information, please read the specific laws, policies, and regulations referenced throughout this handbook. AACPS policies are available on the school system’s website at www.aacpsschools.org/boardpolicies/.

In addition, the student’s school administrators have copies of these documents.

A public school student has legal rights guaranteed by the Constitution of the United States and Maryland State law. In addition, students have privileges provided by Board of Education Policies and Administrative Regulations. These rights and privileges can be exercised in school as long as they do not interfere with the rights of others or the schools’ responsibilities to provide safe and orderly schools. AACPS encourages each student to balance the expression of his/her rights by honoring his/her responsibilities outlined in this publication.

Right to Freedom of Expression

The First Amendment to the United States Constitution protects religious freedom and liberty against government interference or encroachment. Religious freedom will be subject to limitation only in the event of acts that endanger health and safety, damage property, or disrupt the educational process. There will be no required participation in or attendance at any religious programs, prayers, or devotional instruction as part of a course of study. Being religiously neutral, the schools will not promote any religion, will not express opposition or hostility to religion, and will not show preference for one religion over another. It will be the responsibility of students and staff to respect the religious beliefs of others.

A student absent for documented religious reasons will not be subjected to denial of credit provided the total number of non-religious absences is not excessive.

[IFI | IFI-RA]*

Right to Participate in Patriotic Exercises

Maryland Education Law provides that the love of freedom and democracy, shown in the devotion of all true and patriotic Americans to their flag and country, shall be instilled in the hearts and minds of the youth of America. Participation in a flag salute or other patriotic exercises shall not be required of any student.

[IKA | IKA-RA]*

*[Board Policy/Administrative Regulation]
Right to Conduct Activities in School Buildings

Board Policy and Administrative Regulation provides that all student organizations desiring to conduct activities in public school buildings or on public school grounds shall be permitted to conduct these activities only if authorized to do so and shall thereafter be subject to the supervision of the administration and faculty of the school.

Any secret, exclusive, or self-perpetuating organization which seeks to organize and perpetuate itself by taking in members from among the students enrolled in the public schools in which they are students, upon the basis of decision of the membership of the organization, rather than from the free choice of any students in the school who are qualified to fill the special aims of the organization, shall be prohibited from conducting its activities in public school buildings or on public school grounds.

No organization which officially represents the school in any capacity and no curricular or extracurricular activity which is organized with or by the school may deny or segregate participation or award or withhold privileges on the basis of race, color, religion, national origin, sex, age, marital status, sexual orientation, gender identity, genetic information, or disability except where the purpose of the activity requires qualifications.

Right to Freedom from Unreasonable Search and Seizure of Property

A student has the right to freedom from unreasonable search and seizure of his/her person and property. School officials, however, have a right under the law to search students or their property whenever there is a reasonable suspicion that the students have something that violates school rules or endangers others. Searches may include the student and his/her locker, desk, automobile, AACPS owned computing resources including all data stored on the AACPS network, or personal belongings. Students shall not be asked nor required to disrobe, i.e., no strip searches.

Right to Freedom from Corporal Punishment

State law prohibits employees of Anne Arundel County Public Schools from administering corporal punishment.

Right to Due Process and Appeal

When students are alleged to have violated school policy, they have the right to certain due process protections. This means that they are entitled to notice of the allegations against them and the opportunity to respond to the allegations.

If a student is suspended for 10 or fewer school days or believes that an action taken by the school is a violation of policy, the parent may use the student complaint process, Board of Education Policy JCH and Administrative Regulation JCH-RA, to initiate an appeal in writing to the principal who will forward the appeal to the Regional Assistant Superintendent.

If a student is suspended for more than 10 school days, the parent may use the procedures set forth in Board of Education Policy JD Student Suspension and Expulsion. Section 7-305 of the Education Article of the Annotated Code of Maryland also sets forth the appeal rights in these circumstances.

Right to Freedom from Harassment and Discrimination

AACPS is governed by federal, state, and local anti-discrimination laws. To address these, AACPS has adopted policies that forbid discrimination in providing equal educational opportunities on the basis of race, color, religion, national origin, sex, age, marital status, sexual orientation, or disability. If a student and/or parent/guardian believes that a student has been discriminated against on these bases, the parent/guardian/student may file a complaint with the Office of Equity and Accelerated Student Achievement at the Dr. Carol Sheffey Parham Building in Annapolis.

*[Board Policy/Administrative Regulation]
Right to Confidentiality of and Access to Student Records

The Family Educational Rights and Privacy Act (FERPA) guarantees to parents/guardians of students under age 18 and the eligible student (18 and older) the right to:

- Inspect and review the educational records of the student.
- Request the district to disclose information in the educational records to persons/agencies outside the AACPS system.
- Request the amendment of the educational records to ensure that the records are not inaccurate, misleading, or otherwise in violation of the privacy or other rights of the student.
- File with the US Department of Education a complaint concerning alleged failures by the district to comply with the requirements of FERPA.
- Obtain a copy of the district’s policies on confidentiality.

School records are maintained and kept by the school office in a secure location. Records contain a list of credits, standardized test results, academic portfolios, grade-point averages, behavioral and psychological evaluations, screening and health records, attendance and disciplinary records, directory information, and a list of activities.

In order to inspect, review, or transfer educational records, the eligible student and/or the parent/guardian must complete a request form. Other than school staff, no additional person may inspect, review, or transfer student educational records without:

- the written consent of the eligible student if the student is 18 and older;
- the written consent of the parent/guardian if the student is under 18 years of age, or
- a properly issued court order, except under the conditions specified in FERPA.

Under the provisions of FERPA, the district may release educational records to other school systems, colleges, and universities to which the student intends to enroll or transfer without written consent. The district may also release directory information, including name, date of birth, dates of attendance, current school, participation in school activities and sports, degrees and awards received, and photographs without consent unless the eligible student and/or parent/guardian notify the student’s principal in writing not to release the information included as directory information in the student record.

Participation in Senior Activities

Graduating students who violate Board policies on possession, consumption, or distribution of alcoholic beverages, controlled dangerous substances, counterfeit controlled dangerous substances, noncontrolled substances, or other intoxicants at any time during the last four weeks of school prior to the last scheduled day for graduating students, or during the time between the last scheduled day and the graduation ceremony, whether the activity takes place on school buses, within a school building or upon any school property, or during any school, school-related, or Board-sponsored activity, whether held on school property or at locations off school property, including private clubs, businesses, or commercial establishments, shall be prohibited from participation in all senior activities, including proms, award ceremonies, and graduation ceremonies.

Other disruptive behavior by senior students during the last four weeks of school will jeopardize the privilege of participating in graduation ceremonies.

Right of Freedom from Unreasonable Punishment

Students have the right of freedom from unreasonable punishment of the group for the offense of one student or a few students. Offenders will be charged individually. Students who feel they have been subject to unfair punishment have the right to register a complaint, beginning with a school administrator.

Social Media

Anne Arundel County Public Schools (AACPS) supports students’ use of social media in ways that have a positive impact on the learning environment. Student misuse of social media, whether on or off school grounds, when it creates a hostile, disruptive, or unsafe learning environment, is unacceptable. Please refer to the AACPS website for additional information about social media. (www.aacps.org/studentssocialmedia)

*[Board Policy/Administrative Regulation]
**Student Responsibilities**

*Students are responsible for treating each other fairly and for acting in compliance with school policies and reasonable directions from school staff.*

**Academic Dishonesty**

Learning occurs best in an environment with academic integrity. Academic integrity is a fundamental value of teaching, learning, and scholarship. Academic integrity is an integral part of promoting self-respect, trust, student achievement, and positive relationships among all stakeholders in our school community. Students are expected to exhibit academic integrity with regard to all academic exercises and assignments.

Middle and high school students will be asked in either home room or student advisory to sign an acknowledgement that they have read the Academic Integrity Policy and Regulation at the start of each year, along with a statement pledging that they have read, understand, and will adhere to this Policy and Regulation when submitting all academic work.

Middle and high school students who enroll after the beginning of the school year will be asked in either home room or student advisory to sign an acknowledgement that they have read the Academic Integrity Policy and Regulation at the start of each year, along with a statement pledging that they have read, understand, and will adhere to this Policy and Regulation when submitting all academic work.

Copies of the signed acknowledgement will be retained at each school’s main office.

Violations of the Academic Integrity Policy and Regulation may result in disciplinary action. Consequences for violations may vary according to the severity of the violation and will follow the progressive interventions and discipline as outlined in the Code of Student Conduct.

**Gang Related Activity**

No student shall knowingly participate in gang and/or gang-like activity, irrespective of whether schools are in session, within Board of Education owned or leased property, including school buildings or on school grounds; on school buses or other school vehicles; or during any school, school-related, or school sponsored activity, whether held on school property or at locations off school property, which includes, but is not limited to:

a. Wearing, possessing, using, distributing, displaying, or selling any clothing, jewelry, emblem, badge, symbol, sign, or other item which evidences or reflects membership in or affiliation with any gang.

b. Commission of any act which furthers the interests of any gang, gang-like activity, or act of violence, including but not limited to:

   (1) solicitation for membership in a gang;
   (2) requesting any person to pay for protection or otherwise intimidating or threatening any person;
   (3) committing or inciting criminal acts or violation of AACPS policies;

   (7) marking or defacing school property with messages, symbols, or slogans that may signify gang affiliation;
   (8) displaying gang apparel, signs, symbols, or slogans on personal property;
   (9) engaging in physical confrontations where one or more persons confront another individual or group; and
   (10) using electronic devices such as pagers, cell phones, or computers to communicate gang activities while on school property.

**Student Attire**

Students are to dress in clothes that promote a safe and respectful learning environment. Clothes that create a disruptive environment, cause a health or safety hazard, or that do not align with the rules established by the respective school are not appropriate and not acceptable at school. School personnel will enforce this dress code.

**Headwear**
- Only for health, safety, or religious reasons

**Shoes**

Technology Resource Use by Student

For AACPS technology-related resources (including hardware, software and approved mobile devices) that are accessed by minors, and in accordance with the Children’s Internet Protection Act (federal law enacted December 2000), AACPS has implemented technology protection measures to block or filter Internet access to pictures and sites that are inappropriate or harmful to minors. Use of instructional computing devices that are sanctioned by AACPS are accompanied by parent/guardian and student acknowledgment of the review of the Student Handbook.

AACPS is committed to providing safe and quality instructional opportunities for all students. The student is responsible for appropriate behavior while using technology-related resources. Teachers monitor student activities while online for appropriateness and instructional relevance.

Students shall:
- use the provided school network account in an ethical, responsible, and legal manner for school-related tasks only.
- communicate with others using appropriate language in a courteous and respectful manner.
- maintain the privacy of their personal information, such as name, address, phone number, account passwords, social security numbers, and respect the same privacy of others.
- use only their AACPS authorized account and password.
- comply with and respect copyright law, fair use guidelines, as well as intellectual property rights of others.
- use AACPS-approved tools and electronic or cloud-based resources (i.e., Microsoft Office 365, Google Apps for Education) in accordance with AACPS Acceptable Use Policy.

Students shall not:
- attempt to override or bypass security restrictions on computer devices, networks, and/or Internet access.
- use any network account for non-school related activities.
- conduct unauthorized copying of licensed software, download or copy files without permission, or install personal software on computers.
- plagiarize online content.
- create, access or distribute offensive, obscene, bullying, or inflammatory materials on AACPS technology-related resources or tools (including hardware, software, approved mobile devices, and websites).
- remove or damage hardware components.
- knowingly access unauthorized technology-related hardware and software to tamper with or destroy data.
- connect non-AACPS approved personal computing devices such as laptops or mobile devices to the AACPS network whether wired or wireless.
- use electronic or cloud-based resources for commercial, personal purchasing, or illegal purposes.
- use electronic or cloud-based resources and equipment in any other manner that would violate AACPS Board policies or state or federal laws.
- share user account information or passwords with others.

Directed Internet use
- Requires appropriate adult supervision (i.e., staff members or their adult designees must be present to actively monitor student access to the Internet).
- Internet searches will be conducted using AACPS recommended search engines, online databases, and sites.
- Students may not type in web site addresses (urls).
  (Exception: High School students with active supervision of an adult and in compliance with the above stated conditions.
- Internet use is permitted at all levels and in compliance with above stated conditions.

Penalties
Consequences for violations of the Technology Resource Use Regulation are addressed in the Code of Student Conduct (pages 10, 12 — Computer Misuse).

*[Board Policy/Administrative Regulation]
Disciplinary Action

Students spend the majority of their time in classroom environments where behavior is expected to meet the high standards set by AACPS. While most discipline matters are managed in the classroom, some student behavior is managed by the administration through an office referral that may result in interventions or consequences based on the nature of the violation of AACPS Board policy or the Code of Student Conduct. (See pages 11–13 for Levels of Interventions and Consequences). Parent/guardian involvement is critical to the creation of safe and orderly environments. Parent/guardian notification is desired at all levels of interventions and consequences, but it is required whenever there is the possibility that a student may be removed from the school environment.

Community Offenses

The Board of Education recognizes that the presence of a student who has been charged with a criminal or juvenile offense of a serious nature in the community, especially an offense involving violence or weapons, may pose a threat to the safety and welfare of the student and others in the school community and disrupt the educational process in the school. The Board also recognizes that the educational needs of a student who has been charged with a criminal or juvenile offense of a serious nature in the community must be carefully balanced with the Board’s obligation to provide a safe school environment free of disruption for all students.

In accordance with these principles, if school administrators determine that the presence of a student charged with a criminal or juvenile offense of a serious nature in the community poses a threat to the student or others, or to the educational process, the student may be assigned to an alternative educational program pending a final administrative decision of the student’s educational placement. Students returning from a community offense placement must be processed through the Office of Safe & Orderly Schools.

Student Discipline

[Suspensions and Expulsions]

Severe behavior or chronic misconduct that has created a substantial barrier to learning for others may result in the student’s removal from their current educational setting. The removal may range from a short-term suspension (1–3 days), a long-term suspension (from 4 to 10 school days), extended suspension (from 11 to 45 school days), or expulsion (removal for a period of 45 days or more). Effective July 1, 2017, a student in grades Pre-K–2 may only be expelled in instances required by federal law and suspended for no more than 5 school days.

School Liaison

Students who are removed from the educational setting for disciplinary purposes must be provided with assignments they have, or will be, missing beginning the first day of disciplinary removal. All of the students’ teachers are required to provide assignments in classes that will be missed due to suspension. Each school must identify a liaison who will assist the students and maintain a connection with the school while on suspension.

In-School Intervention

Maryland’s Code of Maryland Regulation (COMAR 13A.08.01.11) defines in-school suspension as “the exclusion within the school building of a student from the student’s regular education program for up to but not more than 10 school days for disciplinary reasons by the school principal.” In instances where a student receives an in school suspension, the student must receive their due process and parents must be informed in writing of the suspension. In-school suspensions count toward the cumulative totals of days of suspension.

Short- and Long-Term Suspensions

The principal has the authority to remove a student for behavior that has created a substantial barrier to learning for others (not to exceed 10 school days) at his/her discretion. A short-term suspension will be 1–3 days. A long-term suspension will be 4–10 days. The principal or his/her designee will meet with the student to explain the allegations against the student and allow the student to respond to them. Parents must be informed in writing of the decision to suspend their child from school.

*{Board Policy/Administrative Regulation}
Suspension of Students with Disabilities

Students with disabilities whose behavior has created a substantial barrier to learning for others may receive disciplinary sanctions, including suspension. Procedural safeguards required by the Individuals with Disabilities Education Improvement Act of 2004 (IDEA) and Section 504 Procedural Safeguards of the Rehabilitation Act must be followed.

Bus Suspension

Suspension from transportation services that are identified as related services on a student’s Individualized Education Program (IEP)/504 Plan, and prevent a student with disabilities from having access to his/her special education program is considered to be the same, in effect, as a suspension for an entire school day. Therefore, suspension from transportation in this case is counted, for the purposes of the 10-school-day consideration, as a suspension from school.

Suspension for Less Than 10 School Days

In any disciplinary action determined to require a suspension for less than 10 school days (cumulative during a school year), a student with disabilities may be suspended as any non-disabled student in accordance with the procedures set forth in Education Article §7-305 of the Annotated Code of Maryland.

Discipline Removals for More than 10 School Days (Excluding 45 Day Removals)

Any student receiving special education services who is suspended for more than 10 school days (cumulative or long term suspension) in one school year is deemed to have had a change of placement and the student’s Procedural Safeguards pursuant to the IDEA/504 must be followed.

Extended Suspension (Grades 6–12)

Extended suspension is the removal of a student from a comprehensive school for a time period between 11 and 45 days, for a specified violation of the Code of Student Conduct, who poses an imminent threat of serious harm to students and staff, who is chronic and extremely disruptive, and who causes a serious barrier to learning and the safety of the school.

- The principal will meet with the student and parent/guardian regarding the suspension and his/her proposal to request an extended suspension from the Superintendent and must inform the parent/guardian and student of the charges and the policy or policies allegedly violated.
- Notice of the meeting must be in writing and must inform the parent/guardian and student of the charges and the policy or policies allegedly violated outlined in the letter of suspension post preliminary findings of the school’s investigation.
- A Special Assistant for Safe and Orderly Schools will meet with the student and the parent/guardian within 10 days of the student’s removal from school and a disciplinary conference will be held to determine the alleged violations.
- After conducting the conference with the student, the parent/guardian, and school officials, the Special Assistant will report the findings of his/her investigation to the Superintendent or his/her designee.
- The Superintendent or his/her designee will determine whether to grant the principal’s request for extended suspension. If granted, notice of this decision must be in writing and must inform the parent/guardian of the charges and the policy or policies provided to the student during the extended suspension, if any, the readmission to school process, and the parent/guardian’s appeal process and timelines. If the principal’s request for extended suspension is denied, the principal or his/her designee will contact the parent/guardian to schedule an readmission conference with him/her and the student.
- The Superintendent’s decision may be appealed to the Board of Education of Anne Arundel County by writing to the President of the Board of Education within 10 days after receipt of the letter of notification of extended suspension.
- If the parent/guardian disagrees with the Board’s decision, they may, under certain circumstances, appeal in writing to the Maryland State Board of Education within 30 days after the date of the Board’s decision.

Extended Suspension for Students with Disabilities

When the school system seeks to suspend students with disabilities for more than 10 days cumulative or consecutive in one school year, the Individual Education Program (IEP)/504 team must meet within 10 days of the decision to remove the student from school. The purpose of this meeting is to determine whether or not the behavior was a manifestation of the student’s disability.

- If the IEP/504 team determines that the behavior is a manifestation of the student’s disability, the student is returned to school immediately. However, the Superintendent or his/her designee may determine that an administrative transfer is appropriate given the unique circumstances of the case.

[JD | JD-RA]*
• If the IEP/504 team determines that the conduct is not a manifestation of the disability, the student is subject to the regular discipline procedures explained herein. However, the school system is required to continue to provide the student with a free, appropriate, public education, as determined by the IEP team/504 Team during the manifestation IEP meeting.

For students with IEPs only:
• Regardless of whether the conduct is a manifestation of the disability, if the incident for which the student is being disciplined involves a weapon, a controlled dangerous substance, or serious bodily injury, the school system can unilaterally place a special education student in an alternative education setting for up to 45 school days. For students with IEPs, the disciplinary placement may not be Home Teaching.

[JD | JD-RA]*

Readmission from an Extended Suspension

The parents/guardians are required to seek readmission to the regular school program for their child as a result of an extended suspension. They should contact the Office of Safe and Orderly Schools in writing or by telephone, and request a conference to discuss the process for readmission. The request may be submitted at any time after receipt of the “Letter of Notification” of the extended suspension. In certain circumstances a student might not be permitted to return to their home or neighborhood school. After a student is placed on extended suspension from school, parents/guardians have the right to appeal the extended suspension.

Students who receive alternative education service(s) while meeting the terms of their discipline sanction will transition back to a comprehensive school through the readmission process through the Office of Safe & Orderly Schools.

Entering AACPS from Other School Districts or Private Schools While Serving a Discipline Sanction

Students attempting to enroll in AACPS while serving a discipline sanction must be processed through the Office of Safe and Orderly Schools.

Automatic Expulsion

Firearms (Possession or use)

Expulsion

Expulsion means “the removal of a student from AACPS for a minimum of 45 days or longer, in compliance with federal and state laws and regulations, for a specified violation of the Code of Student Conduct.” In addition to the procedures described above for suspension, the Superintendent or his/her designee must review each expulsion request to determine if the expulsion is appropriate. A decision to expel a student may only be made by the Superintendent or his/her designee in response to a principal’s request and outcomes of the investigation. Upon determination that a student should be expelled, the Superintendent or his/her designee will provide the student and the parent/guardian a letter outlining the violations(s) of the Code of Student Conduct, the reason(s) for the expulsion, the educational services provided to the student and appropriate behavior support services to promote successful return to the regular academic program, the process for readmission, as appropriate, right to an appeal, and rights at the appeal hearing, if one is requested.

The same appeal rights apply as those that apply to Extended Suspensions and which are outlined in Policy JD and Administrative Regulation JD-RA.

Expulsion for Students with Disabilities

When expulsion is granted with regard to a student with a disability, the same procedures will apply as those outlined above for extended suspension for special education students.

[JD D-RA]*

Readmission from an Expulsion

Upon approval, students will be allowed to apply for readmission to AACPS.

If students are given an opportunity to apply for readmission, students will be required to complete an application packet to include documented evidence of participation in specific activities during the time of expulsion. These activities must show a positive change in behavior and attitude and participation in educational experiences, as well as an understanding of their role in the original incident.

A Readmission Review Board, made up of AACPS personnel, will meet with the student and his/her parents or guardians, review the application, and determine the appropriateness of permitting the student to return to an AACPS program. Readmission conferences from an expulsion will be held on a case by case basis.

*[Board Policy/Administrative Regulation]
Bias Behavior, Bullying, Cyberbullying, Harassment, Hazing, Intimidation, & Sexual Harassment

Bullying and cyberbullying, harassment and intimidation, hazing, and bias behaviors—intentional conduct, including verbal, physical, graphic or written conduct or an intentional electronic communication that creates a hostile educational environment by substantially interfering with a student’s educational benefits, opportunities, or performance, or with a student’s physical or psychological wellbeing—are unsafe and do not reflect respect for others as defined by the Code of Student Conduct.

If you or someone you know is a target of one of these behaviors, you can report it using the Bullying, Harassment, or Intimidation Reporting Form, available on page 43 in the Parent Handbook, on the AACPS website, from the main office, or the school counseling office. You can also tell a staff member, who will respond quickly and provide a practical, private, and safe place to report.

If You are Being Bullied...

• Tell someone — a parent, a teacher, a counselor, or other staff member
• Calmly tell the student to stop or say nothing and walk away
• Try not to show anger or fear

If You Know Someone who is Being Bullied...

• If you feel safe, tell the bully to stop
• If you don’t feel safe...
  – Say kind words to the student being bullied — Be a friend!
  – Don’t encourage the bully by laughing or joining in
  – Tell other bystanders how to help stop bullying
  – Tell an adult
  – Encourage the bullied student to talk to someone

If an administrator determines that one of these behaviors has occurred, the students involved will receive support from a school counselor, school psychologist, school social worker, pupil personnel worker, or school health staff person to be sure everyone involved feels safe and supported and understands how to avoid these situations in the future.

Confidentiality in Counseling

When a student indicates that he or she is thinking about hurting himself/herself, or other students, school personnel are required to take action to ensure the safety of the student or other students. This action includes sharing information with the school principal, parents, and may include other outside agencies.

No statement, oral or written, made by a student seeking counseling for any form of drug abuse may be used as admissible evidence against him/her in any proceedings.

School Problems

If students have a problem related to discipline, security, personal safety or welfare, or vandalism, the student should:

1. Tell the nearest teacher or adult staff member. Tell him/her exactly what happened to the student or what the student observed happening to someone else. Problems of discipline, security, and personal safety are considered very serious.

2. Talk to the principal or assistant principal right away.

3. Express feelings. It is natural to feel worried and upset. Talk to someone who will listen and understand — perhaps a peer mediator, peer helper, teacher, school counselor, school psychologist, school social worker, or an adult mentor. It is important to talk to a trusted adult.

4. Ask to talk to a school counselor, school psychologist, or school social worker who can help students learn ways to deal with problems so that they may feel safer and more comfortable when faced with similar problems in the future.

5. In addition to alerting school personnel, a student should tell his/her parents about the problem. They will want to know.

6. A student may also call the Student Safety Hotline at 1-877-676-9854.

It is important for students to know that when a report is made to the school about an incident of this nature, every effort will be made to keep the information and identity confidential.

Personal Problems

For help with personal problems which may affect a student’s school life or activities:

1. If possible, discuss the problem with parents/guardians.

2. If a student and his/her parents/guardians cannot solve the problem, there are a number of people in the school who are able to offer additional help. The student may speak to a teacher with whom he/she feels comfortable.

*{Board Policy/Administrative Regulation}
3. School counselors, school psychologists, and school social workers at the school are trained to offer help with personal problems.

4. The assistant principal and the principal are able to discuss the problem with the student and attempt to work on a solution. If they are unable to do so, they will seek assistance.

**Academic Problems**

For help with an academic problem, the student should:

1. See the teacher who teaches the subject. Students may seek out the teachers on a personal basis. Teachers routinely work with individual students who are having academic problems. The teacher may recommend help sessions or mentoring, or may make a referral for additional assistance. The teacher may ask for a conference with the student and his/her parents/guardians.

2. If the teacher is unable to help the student resolve the problem to the student’s satisfaction, the student should go next to the department chairperson or lead teacher.

3. The school counselor can offer additional help.

4. For problems that are still not resolved after the student has talked with the school counselor, the student should discuss the matter with his/her parents/guardians and with the principal or assistant principal. Parents/guardians may wish to join the student in discussions with the principal.

5. Solving an academic problem requires the student’s help, along with the help from teachers and sometimes parents/guardians, school counselor, and other school professionals.

6. Your school may have other online resources to assist you. Check with your school to see if it is available.

**Extracurricular Activities**

For help with problems involving extracurricular activities, the student should:

1. See the advisor/coach assigned to the activity at a time when he/she can give you his/her undivided attention. Try not to discuss the problem during the activity period itself.

2. If the activity involves athletics or cheerleading, see the athletic director of your school if your matter has not been resolved after speaking to the coach.

3. If the student does not know who is assigned as advisor to the activity, the student should see an administrator.

4. If the student is unable to get help in solving the problem by doing the above, discuss the matter with parents/guardians and with the principal. Parents/guardians may wish to join the student in discussions with the principal.

**Group Problems**

For help with a group problem related to discipline, security, personal safety, or welfare:

If a group of students feels it shares a common problem, the best way to seek assistance is for the group to send two or three representatives to the teacher or administrator involved and present the group’s point of view on the matter. Communication between one or two people and a large group is extremely difficult and is an ineffective approach to problem-solving. The most effective approach is one that involves communication between representatives of the groups involved.

**Peer Mediation**

Peer mediation is a student-based, voluntary process for resolving conflict among students, grades kindergarten through 12. School counselors train and supervise peer mediators. Peer mediators support safe teaching and learning environments by increasing student responsibility for behavior and decreasing time spent on discipline. Currently, many elementary, middle, and high schools offer peer mediation.

**Resources**

You may seek assistance through the following staff members or programs, which may be available at schools:

- Conflict resolution/Peer Mediation
- Natural Helpers
- Tutors/Mentors
- School Nurses
- Teachers
- School Counselors
