

2017 ***Secondary*** ***Summer School***

July 6 through August 8, 2017

The secondary summer school program offers students a limited number of secondary school courses and provides students the opportunity to:

- make up work in which they were unsuccessful.
- improve grade averages in sequential subjects.
- earn credits to meet high school graduation requirements.

Each course is highly concentrated and reviews the course content. Courses meet for two hours and 45 minutes each day. All courses will have two-hour final exams on the last day of summer school. There must be a minimum of 12 students enrolled in a course for it to be offered.

Secondary Summer School is a concentrated, fast-paced learning environment. Thus, learning profiles and differences should be examined carefully in the recommendation process as the goal is a successful engagement with performance outcomes.

Note: Summer School will operate Monday through Thursday from July 6 – August 8, 2017. Schools are closed on Fridays.
