

AACPS 2019-2020 Grades 6-8 Assessment Calendar

The multi-day windows allow schools and team flexibility in determining which day of the window to give a district assessment. The middle school **mathematics** assessments will be **45 minutes** and **must be administered within one class period**. The other district assessments may be given over more than one consecutive day but **may not last more than a total of 60 minutes for social studies and science and 70 minutes for ELA**. Performance-based assessments may last more than 1 day.
