

Dear Home Instruction Families,

RE: «Stfirst» «Stlast» «Studentid»

You are receiving this letter as you selected AACPS to supervise your home instruction program. While under the supervision of the Anne Arundel County Public Schools Home Instruction Office, you are required to participate in two reviews per school year, one each semester.

For the Fall 2023 Review, families will download, complete a Portfolio Review Form and submit it through email to homeinstruction@aacps.org. This form can be found under 'Announcements' on the lower right corner of the Home Instruction website- www.aacps.org/homeinstruction.

The Fall 2023 Review cycle will occur October 25 through November 21, 2023. Included are important details about the Fall 2023 Review Process:

- All families supervised by AACPS are required by COMAR to complete the Fall 2023 Portfolio Review actions.
- Families will not schedule a virtual meeting for the first (Fall) review; virtual meetings will only occur for the Spring 2024 Review Process.
- Families are asked to download and save the Fall 2023 Portfolio Review Form with the following naming convention- StudentLastName.StudentFirstName.
- Once completed, email a copy of the Portfolio Review Form to homeinstruction@aacps.org
- Families will submit one Portfolio Review per child to homeinstruction@aacps.org.
- Portfolio forms must be submitted by email between October 25 and November 21, 2023.
- Letters confirming the status of your portfolio review will be emailed by December 22, 2023.

If you are using an online program, please be aware that these programs do not always include all required subjects for home instruction in the state of Maryland. If the online program does not align to Maryland's required subjects, you are expected to supplement for any missing subject areas to maintain compliance with Maryland regulations governing home instruction.

Please do not hesitate to reach out to the Home Instruction Office with any questions or concerns about the Fall 2023 Review process.

Warm regards,
Corrine Perrella, Ed.D.
