Policy Component: Community Involvement

Community Involvement Subcommittee Goals and Activities

Goal #1  Promote a process by which community stakeholders develop an awareness of the health and wellness program of Anne Arundel County Public Schools and understand how they can support the health and wellness of our students.

Activities:

1.1 Engage key community groups, including PTA, CAC, PIAC, International Family & Community Board, Blue Ribbon Commission, AIMA, and Early Childhood Coalition, in developing an understanding of the Wellness Policy & Program through social media, hosting information sessions, and attending community group meetings.

1.2 Collaborate with representatives from community groups to identify specific ways their group can support the initiatives of the wellness program, both in individual schools and throughout AACPS.

1.3 Network with schools and departments to support community groups’ partnering efforts.

1.4 Provide opportunities for schools and community groups to showcase their wellness initiatives.

1.5 Include health and wellness community partnership efforts in the School Improvement Plan.
