Absences: The summer camp is a mandatory part of the STEM program and absences are not excused. If your student is unable to participate in camp during the assigned session, you will contact Ms. Diaz by email at jdiaz-martinez@aacps.org to discuss options for completing your summer requirement. **No shows are not acceptable.**

STEM Uniform Policy 2023-24

All STEM students will wear green STEM shirts on every field trip and the STEM polo shirts for special events. There is optional attire such as STEM hoodies or zip ups for sale.

STEM 6 ONLY – You will receive ONE complimentary green STEM shirt.

ALL STEM – You may purchase STEM apparel, if needed/desired, but not required.

Seedfolks Students

For those students assigned a Seedfolks summer assignment, the deadline is **August 18, 2023**. Contact Ms. Noreiga about any questions at LNoreiga@aacps.org

STEM Jitters Night

August 15, 2023 at 5:30 pm

All incoming 6th grade STEM students with a parent/guardian are invited to join us for a summer orientation session to help you and your student get through the “jitters” of coming to middle school.

Looking to volunteer?

Join STEM Boosters: This organization is associated with the PTA to help connect student/parent with STEM related experiences. STEM Booster volunteers help support LMS by chaperoning trips, supporting STEM Saturday events, providing networking/resources for guest speakers and activities. Please sign up for the boosters using the following link: [CLICK HERE](#)

Chaperones: Volunteer chaperones are welcome with a current AACPS background check. If your background check is over 2 years old, please resubmit. Please be sure to do this ASAP, as it takes several weeks for the clearance. Use this link to get started: <https://www.aacps.org/Page/1869>. If you have been **fingerprinted**, you are cleared and do not need to resubmit electronic application.

We appreciate all of our volunteers!
