Over and above the work of the members of these committees, we have also considered stakeholder input from the following sources:

- ASI-TAAAC Committee teacher member input on the schedule and teaching experiences of the Spring 2020 fourth quarter
- Feedback from school-based leaders regarding Spring 2020 eLearning experiences
- Email feedback from parents/guardians & students regarding Spring 2020 eLearning experiences
- Teacher focus group input from teachers who facilitated the virtual Summer 2020 Academy Program classes
- Teacher input from the virtual Secondary Summer School 2020 classroom experiences
- Family Surveys
- Employee Surveys
- Conversations and discussions regarding daycare held with stakeholders from the following daycare/childcare programs: Open Door, Y of Central Maryland, Super Kids Place

Additional Note:

- It is important to note that a significant number of AACPS employees who are serving on these committees reside in communities from across Anne Arundel County and have students in our school system from PreK through 12th Grade, including students in our special education classrooms and in our AVID, ALPs, PLTW, CAT Center, Signature, Co-Curricular, Athletics, Service Learning, and Magnet (BMAH, IB, PVA, STEM) programs.
