

UPDATING CHROME on your Chromebook

1. **Log into the Chromebook.**
2. **Go to the bottom right hand corner and click where the time is displayed.**
3. **In the black box that pops up, select the gear icon at the top.**
4. **In the menu on the left, select "About Chrome OS."**
5. **The Chromebook will automatically start looking for updates and will install them if any are found.**
6. **When done, there will be a restart button on the right of where it says it's looking for updates. Restart the Chromebook and log in again.**
7. **Check for updates again, until it says "Your Chromebook is up to date"**
