

#WeekendSpotlight

Barbering

The Barbering program at CAT North is in its second year and already providing students the opportunity to intern at local shops while offering services to the community at the school building. Our Level 2 students are working towards the hours and experience they need to take the licensure exam in the Spring of 2023.

CAT North Barbering students hard at work!

Our instructor, Mr. David Gross, is an AACPS graduate of Broadneck High School and owns his shop in Glen Burnie. Our students are seeing what it takes not only to be a good barber but what it takes to be a business owner and good employee. These are real-life experiences that our Barbering students are having while in school!
