

High School Student Schedule

The High School schedule seeks to create accessibility during the school day for academics, academic support, social emotional wellness, and socialization. This schedule allows students to connect and build community within their school above and beyond their academic learning experience.

The schedule is aligned to the county’s high school schedule—8:30AM–3:18PM. Periods 1, 2, and 4 are 80 minutes and Period 3 runs 83 minutes. One 30-minute Flex period serves multiple purposes for students.

During Flex, schools will engage students in productive social experiences, Advisory, and wellness allowing them to share and grow as a community. This block will also provide opportunities for academic support and enrichment, career counseling, clubs, and Social and Emotional Learning experiences for students. Clubs will run at all high schools; individual schools will create schedules based on the interests and needs of the student body.
