

November 9, 2023

Dear Families of Ms. Nieto's Classes:

I am writing to let you know that Friday, November 3, 2023, was Ms. Nieto's last day with us. This was an unexpected turn of events; however, Ms. Nieto has a personal situation that requires her undivided attention. We are truly fortunate to have had her as part of our Meade Middle School family. We will miss her dedication and love of learning.

While Ms. Nieto's presence will be missed, I want to share that Mr. Contee will now teach all her classes. Mr. Contee is a qualified staff member who is already a member of our Meade Middle School family. He transitioned into Ms. Nieto's classes Monday, November 6, 2023. He is already forming positive relationships with the students and academic instruction is continuing to move forward. We will do everything we can to support a smooth transition for students. I know that you will give Mr. Contee the same level of support.

Thank you for everything you do for your child and our school. If you have any questions, please call the school. #MeadeStrong

Sincerely,

A handwritten signature in black ink that reads "Karla M. Steinbach".

Karla Steinbach
Principal
