

Magnet Program Seat and Waitlist Offer Information Guide

Si necesita una explicación en español, llame a José al 410 5 33 48 15.

Here are important details about accepting your Magnet Seat or Waitlist Offer. Some important reminders:

- Students who applied to a Magnet Program will receive **either a seat offer** or a **waitlist offer**.
- Each Magnet Program you applied to will send a separate email with the lottery results.
- Students may stay on the waitlist for a program AND accept a seat offer in a different Magnet Program.
 - The waitlist will remain active until September.
 - Movement on the waitlist may occur throughout the summer.
- If after ten calendar days a seat offer has not been accepted, the Magnet Office will take the lead in declining that seat for lack of response.
- **The decision to decline a seat on a waitlist or in a Magnet Program is final.**
 - If a seat is declined, the Magnet Office will immediately offer that seat to the next applicant.

All seat offers are conditional, pending final grades and completion of all program requirements. Please verify the program requirements published for students at the time of application (www.aacps.org/magnet). Students who no longer meet the published criteria cannot accept a seat in a Magnet Program and should enroll at their home school.

For a student to be officially accepted into a Magnet Program in which they were offered a seat, they must:

- Maintain the minimum required final course average, with no Ds or Es as a final grade, regardless of program
- Maintain residency in Anne Arundel County
- Attend Magnet Program Welcome and Registration Night
- Adhere to all other requirements as outlined in the Magnet Program Information Guide, published at www.aacps.org/magnet

If you have any questions about this information, please contact:

- BMAH & STEM Office at 410-222-5391 or kgillmeister@aacps.org
- PVA Office at 410-222-5435 or pva@aacps.org
- IB Office at 410-222-5342 maustin1@aacps.org

In mid-August, the Transportation Office will publish county transportation information, including the location of consolidated bus stops. Please look at the AACPS website in mid-August (www.aacps.org) for updates. If you have Transportation questions or concerns, please call the Transportation Office directly at 410-923-7890.
